CHINESE WITHDRAW IN FACE OF HEAVY ASSAULT IN BURMA

British Forces Also Fall Back to New Positions—Japanese Move Up Fresh Infantry and Plane-Supported Tanks—Hand-to-Hand Fighting in Streets of Loikaw

CHUNGKING, China, April 23 (AP). — Japanese encirclement tactics, pressed home with plane-supported tanks and hard-driving fresh infantry, have forced the Chinese to fall back from Loikaw and Pyinmana on the east side of the Burma defence lines, while British forces withdrew from Taungdwingyi on the centre.

Battles raged today at key points all along the Burma front, from the Shan States, near the Siamese border, westward to the Yenangyuang sector on the Irrawaddy, but it was on the eastern flanks the invaders made their most dangerous gains.

A Chinese communique said Loikaw, capital of the Karen-ni States, on the Nam Pawn River, was abandoned after the Japanese outflanked the town on the north on Tuesday evening.

DELAYING ACTION

The Chinese garrison forces, however, fought a long delaying action in the streets, struggling hand to hand against 10-to-1 odds, said the communique. Casualties were described as heavy on both sides.

The Japanese, continuing to rush up well-rested reinforcements, now are thrusting farther north through the great teak forests between the Nam Pawn and Salween Rivers.

A Chinese Army spokesman said terrific Japanese pressure also had forced the Chinese out of Pyinmana on the Sittang River, sixty-five miles northwest of Loikaw and less

PLEBISCITE POLL OPENS

Advance Voting to Continue Today and Tomorrow at Union Building

Voting at the opening of the advance poll on the Federal manpower plebiscite was light in Victoria yesterday, less than a score of people taking advantage of the facility, which will continue today and tomorrow between 2 p.m. and 10 p.m. at Room 406 Union Building, View Street.

Sydney Child, returning officer in this riding, pointed out that there will be no absentee vote on the plebiscite, and that electors must vote in their own ridings or not at all.

PRIVILEGE LIMITED

The advance poll covers certain classes of voters who may have a legitimate reason for being away on polling day, April 27, including commercial travelers, transportation men and a few other groups. Less than fifty are likely to vote at the advance poll, Mr. Child anticipated, though the poll will be kept open until 10 p.m. on Saturday.

Three applications by voters registered in different ridings than Victoria were rejected yesterday, when the advance poll opened here, the returning officer explaining that there is no form of absentee ballot on the plebiscite. The general public may go to the polls on Monday, April 27, between 8 a.m. and 8 p.m., Pacific Daylight Time.

RENTAL RULES TO BE CHANGED

Regulations Will Be Announced Today—Rooming Houses Affected

OTTAWA, April 23 (CP).—Regulations prohibiting householders and rooming and boarding house operators from terminating leases are to be amended and other "sweeping changes" in rentals control administration will be made, Cyril R. de Mara, Federal rentals administrator, said today.

A Wartime Prices and Trade Board statement on the changes will be issued Friday night, he said.

Only amendment on which details have yet been revealed is that applying to leases in rooming and boarding houses.

Under the new provisions householders or operators of rooming and boarding houses may terminate leases "on statutory notice as provided by the laws of the province in which they reside," Mr. De Mara said.

MAY TAKE HOLIDAY

A householder who rented a room under the old regulations would be forced to keep his house open during Summer months and so might be prevented from moving to a Summer cottage. Amendment of the regulations is expected to make available a large number of rooms.

In most provinces agreements between a householder and tenant for rooms rented on a weekly basis may, under the new regulations, be terminated on one week's notice.

To prevent boarding and rooming house operators from evicting a tenant to enable them to put in a new tenant at higher rent, they will be required to post in each rented room, on a prepared form, definite rates charged for the room. This regulation will not apply to private householders who rent rooms.

INSTALL PRIMATE OF ALL ENGLAND

Centuries-Old Ceremony Performed In Canterbury Cathedral—Archbishop Follows Father

CANTERBURY, April 23 (AP).—In a solemn ceremony which had its origin centuries ago, Most Rev. William Temple was installed today as Archbishop of Canterbury and Primate of all England while forty-five bishops stood by in sand-bagged, bomb-pocked Canterbury Cathedral.

"If the Christian movement and all hopes connected with it" are to prevail, the Axis must be defeated, the new Archbishop declared, as sunlight streamed through the beautiful stained-glass windows which bear the mark of Hitler's bombs.

Just forty-five years previously, Dr. Temple had watched his father enthroned as Archbishop in the then untouched cathedral with the same ceremony. He is the first son to succeed his father in the record of Canterbury's ninety-eight Archbishops.

House Will Meet Again Tuesday

OTTAWA, April 23 (CP). — The House of Commons adjourned at 11 p.m. tonight and will not meet again until after the manpower plebiscite, to be held Monday. Sessions will be resumed next Tuesday at 3 p.m.

GREETINGS TO CANADA

LONDON, April 23 (CP). — Lord Queensborough, president of the Royal Society of St. George in London, today sent a message of special greetings to Canada through Gladstone Murray, general manager of the Canadian Broadcasting Corporation. The message emphasized admiration for Canada's war effort.

Residents Awarded the George Cross

A view of Kingsway, main street of the capital of Malta, Britain's tough little island in the Mediterranean, showing shops, residences, churches and other buildings that have been wrecked by Axis bombs in the hundreds of raids on the island. During recent weeks the dive bombings of Malta have been intensified, but the Axis have paid a big price in planes. The residents of Malta have been awarded the George Cross for valor.

Western Front Is Desire of Briton Says Beaverbrook

Passion for New Battle Line to Aid Russians Deep In Hearts of All Britishers—Believes Soviet Armies May Settle War This Year—"Attack" Is Watchword

NEW YORK, April 23 (CP).—Lord Beaverbrook declared tonight that the "passion to set up a Western fighting front in aid of the Russians is deep in the hearts" of all Britons.

The Canadian-born publisher, former Minister of Production in the Churchill Cabinet, addressing the annual banquet of the American Newspaper Publishers' Association, said the day has come when "in almost every quarter in Britain the cry goes up, 'Attack! Attack in support of Russia . . .'"

KILLING GERMANS

"We know that the Russians kill more Germans every day than all the Allies put together," he declared. "We know they destroy more enemy tanks, bring down more enemy planes than any of us or all of us. Russia is the fighting front. That is the opportunity, the chance to bring the Germans to battle."

The reason he advocated help to Russia is "the knowledge that Russia may settle the war for us in 1942."

"By holding the Germans in check, possibly even by defeating them, the Russians may be the means of bringing the whole Axis

Some Damage Done by Raid Over England

LONDON, April 24 (Friday) (AP).—A row of cottages was damaged and a few persons were injured early today by incendiary and high explosive bombs dropped during a raid on a southwest district of England.

Raiders also were reported over South Wales.

One German plane was shot down over England during the night, an authoritative source said.

ENGLAND AFTER WAR VISIONED

Lord Halifax Sees Vast Changes Coming in Lives Of People

NEW YORK, April 23 (CP).—Viscount Halifax tonight told the 172nd annual dinner of the St. George's Society of New York, "This is a people's war and victory will be a people's victory."

The British Ambassador to the United States was discussing his vision of post-war Britain. "We . . . in the England we mean to build," he said, "we shall be determined to do everything we can to give full and equal opportunity to all our citizens . . . The life we shall seek to establish will rest upon the twin foundations of rights and duties. In the new England there will be no room either for selfish privilege or idleness."

Lord Halifax pointed to some changes which already have come over life as a consequence of the war in which "taxation is leveling out the differences of wealth and is redistributing the national income in a way that our fathers would have thought inconceivable."

The Ambassador emphasized that new unity has been born in Britain "as our people have looked at the German force in full array across a narrow twenty miles of sea."

PRIME MINISTER DENIES REPORTS

Premier King Says Government Has No Intention to "Regiment" Workers in Canada

OTTAWA, April 23 (CP).—Prime Minister Mackenzie King said in the House of Commons today an affirmative vote in Monday's manpower plebiscite would not be looked upon as authority to "regiment" the workers and curtail the operations of trade unions.

The question was raised by M. J. Coldwell, C.C.F. House leader, who said a rumor to that effect was in circulation.

Mr. King said he was glad to be told of the rumor because he had not heard it before. He could give an "unqualified denial." The Government had no intention of the kind in its mind and if it had, it would not be influenced by Monday's voting which has nothing to do with such matters.

TYPHUS AMONG NAZIS

KUIBYSHEV, April 23 (AP).—The Communist newspaper Pravda reported today that a typhus epidemic is raging among German troops on the Russian front.

NAZIS LOSE MORE PLANES

Bailed-Out Flyer in Raid on Malta Is Target for His Fellows

VALETTA, Malta, April 23 (CP).—Six Nazi planes were destroyed and four damaged today in the Germans' continuing air assault on this Mediterranean base, a communique announced tonight.

The raiders were shot down in two heavy raids. Anti-aircraft was credited with downing four bombers in the first raid alone, with results still to be checked on the record.

One German flyer who bailed out of his plane was shot at by his fellow fighters both during his descent and after he got into a dinghy, the communique said.

EIGHT SHOT DOWN

CAIRO, April 23 (AP).—Eight Axis planes were shot down by the defenders of Malta on Tuesday and Wednesday, R.A.F. headquarters announced today.

(Unofficial figures issued at Valetta, Malta, last night said the two days' raids cost the Axis thirty-seven planes destroyed or damaged —seven on Tuesday and thirty on Wednesday.)

R.A.F. attacks on Bengasi and on the Derna-Martuba-Tmimi area and Comiso in Sicily were reported.

Land operations in the desert were at a standstill.

SOUTH AFRICA SPURNS VICHY

Canada Now Only British Dominion Maintaining Diplomatic Relations

LONDON, April 23 (CP).—The Union of South Africa severed relations today with the Vichy Government, coincident with new reports of strong repressive measures against Free French sympathizers on the Vichy-controlled Island of Madagascar.

Prime Minister Smuts made no mention of Madagascar in his note to Ernest de Simonin, French Minister in Pretoria, but said: "Developments have now taken place in connection with the Government of France which make it unfortunately impossible for the Union Government to continue diplomatic relations with it . . ."

ALLIED APPREHENSIONS

Allied apprehensions of a Japanese move into Madagascar or of a Japanese-German juncture there are well known, however, and it was recalled that General Smuts, on

McNAUGHTON HONORED BY ELECTRICIANS

LONDON, April 23 (CP).—Lt.-Gen. A. G. L. McNaughton, Canadian Army commander, accepted honorary membership in the British Institute of Electrical Engineers in a brief ceremony today. In a short address he said he is looking forward to returning to research and engineering after the war.

A vellum certificate was presented to Gen. McNaughton by Sir Noel Ashbridge, president of the institution and controller of engineering for the British Broadcasting Corporation, who paid tribute to him as a soldier. Later Gen. McNaughton attended a dinner of the institution's council.

Allied Nations Step Up Force of Attacks Against Enemy Base

Rabaul, on New Britain Island, Being Battered by Raids—Australian Forces Still Fighting Japanese on Timor—Corregidor Is Bombed

UNITED NATIONS HEADQUARTERS, Australia, April 23 (AP).—A quickening of the tempo of United Nations air raids on the important and battered Japanese base of Rabaul on New Britain Island was announced today, along with word that Netherlands and Australian forces still are battling the Japanese on the invaded Island of Timor.

Buildings at Stockholm plantation, near Rabaul, were hit directly in a surprise raid Tuesday afternoon, a communique from General Douglas MacArthur's headquarters said, and on Wednesday morning the Allied bombers followed up with attacks on a dock.

The size of the United Nations forces still on Timor, which is a part Netherlands part Portuguese island 400 miles northwest of Australia, was not disclosed.

ON CEBU ISLAND

Touching also on the continued fighting in the Philippines, the communique said the struggle was continuous on Cebu Island, that American-Filipino forces were in contact with the enemy on Southern Panay Island, and that the Manila Bay fortress of Corregidor had undergone intermittent but diminishing dive-bomber attacks.

The Japanese radio admitted 500 to 600 Americans and Filipinos were holding out on the slopes of Mount Baloc on Panay. It claimed other resistance on that island" had collapsed.

AERIAL ACTIVITY MOUNTING BUT NO SIGN OF GENERAL OFFENSIVE

Spokesman for Soviets Declares All But Tenth of German Army on Russian Front—Sufficient Red Troops Moving Up to Cope With Hitler's 1,900,000 Reserves

Counter-Attacks in South Have Waned Mysteriously

KUIBYSHEV, April 23 (AP).—Nine-tenths of the whole German army is on the Russian front and Hitler has called up 1,900,000 reserves, but the Red Army is moving up enough men to meet this immense threat, the official Soviet spokesman, Solomon Lozovsky, declared today. Constant skirmishing, some of it violent, continued on the vast quagmire of the front, but there was yet no sign of a German Spring offensive and Red Army dispatches laid stress on the fact no major action was being joined.

Russian reports did say, however, that aerial activity was mounting sharply in several sectors, with intensified German bombing but with Russian air advantage being generally maintained.

AIR FORCE ACTIVE

The army newspaper Red Star said the German air force was particularly active around Staraya Russa, where a German army had been long encircled, and also in the Kalinin area and in the Southwest. It said German air raids were against troops in front line positions, attempts against Murmansk, Leningrad and Sevastopol having been forestalled.

Pravda, the Communist party paper, reported tonight that Finnish troops appeared for the first time today on the Kalinin front, northwest of Moscow, participating in local but nonetheless fierce combats.

COUNTER-ATTACKS FAIL

Pravda said the invaders were launching numerous counter-attacks but that all had failed.

(Axis and neutral reports received in London led observers there to think the Red Army itself was feeling out German lines in the Donets Basin and Crimea preparatory to beating Hitler to the Spring punch in these southern areas.)

From Europe Day by Day—

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1942, by Southam Co.)

LONDON, April 22.—The battle for Burma, says The Times' Delhi correspondent, has developed into an epic campaign similar to that for the Bataan Peninsula. In both places Allied troops met superior enemy forces but in Burma British troops now know if they can hold on some time longer they will receive important reinforcements. The Japanese are making desperate efforts to reach Mandalay before the monsoon breaks and so split India and China apart. But the resistance they encounter has been one long story of stubborn courage and devotion to duty rarely excelled in the war.

* * *

When hostilities began Burma was unprepared. The British Far Eastern command lacked troops, equipment and airplanes even on a minimum scale for the defence of the Malayan Peninsula. Everything available was consequently directed to Malaya and Singapore. In the whole of Burma with sixteen hundred miles of frontier there were only two divisions of troops, largely Burmese. Retreat therefore was inevitable, especially as Burmese fifth columnists in many places were aiding the invaders. The use of dive bombing and the general command of the air gave the enemy an enormous advantage.

* * *

It was imperative to keep intact what British troops there were as there were little or no reserves. Abandonment of Rangoon was necessary so that the front might be narrowed. Hence the retirement to Upper Burma and defensive battles designed to hold the Japanese until the routes from India can be opened to bring in supplies. Some British troops have been fighting continuously since December last performing heroic feats of gallantry in desperate situations. Chinese troops have given the greatest assistance knowing how imperative it is that the Burma Road should be kept open.

At the moment the British have completed withdrawal over the Pinchaun River, having lost some men and considerable equipment.

The Chinese are fighting on both the Salween and Sittang River fronts where there are heavy losses on both sides. The Japanese in the Pyinmana region are using heavily-armored units.

* * *

While Vichy remains the seat of the French Government, Laval intends to spend much time in Paris, says The Times' diplomatic correspondent, so as to maintain close contact with the Germans. Also he will be able to shake himself free of Marshal Petain's control. Laval is expected to rid himself of all those in the police or civil service on whom he cannot absolutely rely. He will also place under surveillance all so-called Communists, Jews and others who might rally to General de Gaulle so as to assist the Nazis in keeping down murderous attacks on German soldiers.

Operations along the Russian front are at a standstill owing to the vast mud fields, easily the largest ever seen on a battlefield anywhere in any war. But in the north between Lakes Onega and Ladoga, Red troops continue their attacks on the Finns. Around Leningrad the Nazis are in trenches in icy water up to their waists and at night their clothing freezes into a sort of ice armor. In the south, the Nazis are bringing up panzer divisions, some apparently from France

LANDED ON SOVIET SOIL

American Plane and Crew Interned After Raid On Japan

MOSCOW, April 24 (Friday) (AP).—Tass News Agency announced today that an American plane identified by its crew as a participant in the air raids on Japanese cities last Saturday made a forced landing in the Siberian maritimes after losing its bearings.

The text of the Tass statement broadcast by the Moscow radio:

"On April 18 an American war plane landed in maritime territory.

"According to the statement of the plane's crew on that day this plane had participated in an American air raid on Japanese islands and, having lost its bearings, made a false landing in Soviet territory.

"In accordance with international law, Soviet authorities interned the American plane and its crew."

LONDON, April 23 (CP).—Reuter's reported a broadcast in French by the Moscow radio said:

"Reports from Khabarovsk state that an American plane effected a forced landing in Russian Far East territory after the raid on Japan.

"This occurred on April 18.

"According to international law the crew was interned."

Young Freed By Jurors on Murder Count

VANCOUVER, April 23 (CP).—An Assize Court jury late today acquitted Sydney George Young, former Royal Canadian Mounted Police officer, of a charge of murdering William Fawcett, seventy-two-year-old druggist.

Fawcett was fatally shot in his drugstore last September 18 during an attempted holdup.

It was Young's second trial. The jury at his first disagreed.

Young is under sentence of fifteen years for three armed holdups.

Royal Air Force Again Over Reich

LONDON, April 24 (AP). — The Royal Air Force attacked targets in Germany for the second successive night last night, it was stated authoritatively today.

The German radio carried a D.N.B. report that a British plane reached the approaches of Berlin, but said it dropped no bombs.

Trinidad City Hit By Worst Flood in Thirty-Eight Years

One Dead and Dozens Are Homeless—Chamber of Commerce Appeals to Denver for Help—Traffic Stalled—Bridges Out

TRINIDAD, Colo., April 23 (AP).—Roaring waters of Trinidad's worst flood in thirty-eight years receded tonight, leaving one dead, dozens of temporarily homeless families, several broken dams and a snarl of stalled auto, bus and train traffic.

As the high waters rolled down the slopes of the Eastern Colorado plains to the Arkansas, Major L. E. Cox, of the United States Army engineers, said there "appeared to be no danger whatsoever" at the giant flood-irrigation dam the army is constructing across the river at Caddoa, Southeastern Colorado.

Damage in and near Trinidad was so extensive the Chamber of Commerce appealed to Federal officials in Washington and State officials at Denver for aid in "rebuilding our shattered structures" and clearing the streets of mud and debris.

The flood was the worst since 1904 when every bridge in the city was washed away and the Santa Fe railroad station was demolished. Most of the town then was touched by high water.

ENEMY LEAVES INDIAN WATERS

Reported Japanese Battle Fleet Has Quit Bay Of Bengal

LONDON, April 24 (Friday) (CP).—There is a growing belief in Ceylon that the Japanese battle fleet reported in Indian waters was withdrawn from the Bay of Bengal, probably to Singapore, the Colombo correspondent of The London Daily Mail said today.

He said it was believed this fleet consisted of three battleships, five aircraft carriers with light and heavy cruisers and destroyers.

He added that the recent official statement in Madras that the immediate threat had disappeared supports the belief that the fleet had withdrawn.

The correspondent cabled that British naval forces had been ranging the Bay of Bengal in search of the fleet without success.

The most likely reason for a withdrawal to Singapore—if such was the case—would be to replenish losses in aircraft suffered in raids on Colombo and Trincomalee, which cost them at least 100 destroyed or damaged for certain, the correspondent said.

BACK IS BROKEN OF JAP PROBLEM

Labor Minister Is Satisfied With Progress Made in Removal of Japanese From Coast

OTTAWA, April 23 (CP).—Labor Minister Humphrey Mitchell, whose department has jurisdiction over removal of Japanese from the big "protected area" established on the Pacific Coast, said today in the House of Commons it is his belief "we have broken the back of the Japanese problem as it was presented to this House."

Tom Reid (Liberal, New Westminster) had asked Mr. Mitchell for information on the length of time required to remove Japanese in the Coast district to points east of the Cascade Mountains, boundary of the "protected area." Assurance had been given the House some time ago, said Mr. Reid, that all the Japanese would be moved.

Mr. Mitchell replied:

"I think this may be said in fairness, that we have broken the back of the Japanese problem it was presented to this House. The exact date I could not say, and I do not think anybody else can say, but the honorable member (Mr. Reid) can rest assured that we are moving with expedition . . ."

Federal Subsidies To Protect Prices Above Two Million

Finance Minister Declares No Reason to Believe Payments Will Reach "Fantastic" Figures—Aim Is to Help Consumer

OTTAWA, April 23 (CP).—Government subsidies to keep the price ceiling in place and protect the consumer from higher prices for essential commodities have amounted to $2,128,981 in five months, Finance Minister Ilsley told the House of Commons today.

There is no reason to believe they will ever reach the "fantastic" totals of several hundred million dollars "suggested in some quarters," the minister said.

In the war appropriation resolution he had included an item of $50,000,000 to cover subsidies, but attempts to estimate the ultimate annual total "are likely to be unprofitable" because the deciding circumstances could not be forecast.

NO NAMES GIVEN

Mr. Ilsley's statement was made in reply to repeated questions regarding subsidy payments. He gave his decision that, for the present at least, he will not release the names of the organizations receiving the subsidies.

The statement was made during consideration in committee of Mr. Ilsley's war appropriation bill and, at its conclusion, the committee resumed discussion of the army division of the defence departments.

Leaders of the opposition parties agreed discussion of the price-ceiling subsidies would be reserved until members have had an opportunity to study the minister's statement, but there was brief comment by Joseph Harris (Conservative, Toronto-Danforth). He agreed that the price ceiling was necessary but said it was driving business to "lean on the Government."

SHORTAGE OF BEEF

Mr. Harris said he saw the possibility of price-ceiling operations embarrassing Canada's economy through certain people taking production off the market because they stood to "lose a few shekels. He mentioned the recent shortage of beef.

John Blackmore, New Democracy leader, said his group supported the Minister in his efforts to maintain prices at a proper level, and "believe he has done a fine job."

But his "one gentle criticism" was that too little attention was paid the production element, which in some cases was not receiving enough to pay costs let alone a living for the producers. This had caused the difficult beef situation and might bring the same troubles in regard to other commodities, he said.

CANADA AND VICHY

During the question hour Prime Minister Mackenzie King announced his expectation of making a statement next Tuesday on the future relations between Canada and the Vicy Government, in the light of recent developments.

Two important post-war measures were given second readings and referred to special committees—the vocation training bill sponsored by Labor Minister Mitchell and Pension Minister Mackenzie's measure for a Veterans' Land Settlement scheme designed to care for 25,000 war veterans.

Mr. Ilsley said subsidies paid by the Commodity Prices Stabilization Corporation, operated in conjunction with the Wartime Prices and Trade Board, already have assisted in sheltering the Canadian consumer from the effect of spreading war and greater cost in obtaining imported essentials.

APPROVED BY BOARD

The subsidies are paid by the corporation after approval by the board which is in charge of the price-ceiling regulations.

The Minister tabled a detailed list showing the largest single subsidy outlay to April 21 was $1,387,630 for payments to encourage milk production.

Investigations are going forward to see the extent to which economies and standardization can be effected and what subsidies will be required in various categories in the future, Mr. Ilsley said. The basis of subsidies was constantly under review and experience would show what was essential and what was not.

Mr. Ilsley said the Government is prepared to permit some non-essential supplies to disappear from the Canadian market rather than permit their prices to rise above the ceiling or to subsidize commodities which are really non-essentials.

Since the price ceiling was imposed last December 1 the war had spread to the Pacific. Costs of essential imported goods had risen in many cases and shipping and insurance rates were higher. Ships had to travel by roundabout routes and more expensive forms of transport had to be used than in normal times. Yet the Canadian consumer had been protected against any effects of this spread of the war on his cost of living.

The Government was determined to hold the price ceiling and avoid "tinkering with prices." The necessity for subsidies arose because the post of providing goods or services could not be completely controlled, or because in some cases these costs were actually higher at the time the ceiling was imposed than the level of costs that was then being reflected in the prices charged.

It was probable the Government would be increasingly stringent in classifying goods as non-essential and excluding them from subsidy. It was recognized that in cases where prices had risen substantially, this decision to pay no subsidy would amount to an embargo.

The minister said it has been possible to avoid or reduce subsidies by action on customs duties and other charges. Dumping duties had been eliminated since there was no danger of unfavorable effects of such action.

In other cases, duties had been reduced or eliminated in order to enable goods to be imported at a cost which would make it possible to sell them at the ceiling price.

If certain essential supplies were to be obtained some increases in cost had to be paid because they could not be avoided. Mr. Ilsley said he is satisfied that the cost to the country through the use of subsidies is less than it would be by permitting increases in prices above the legal ceiling. This would lead to great difficulties in maintaining the established level of prices.

He said he does not think it is in the public interest to give the names of persons to whom subsidies are paid or the amounts involved, but this information could be made available at some other time. His present view was that after the end of each fiscal year there would be a report of some kind, when the qualifications and conditions necessary to the presentation of a complete picture would be available.

The subsidies benefitted consumers and not the producer or the dealer except to the extent that they enabled the production or importation of necessary goods to be maintained. They could not be construed as inflationary.

HEADS CHOSEN FOR SQUADRONS

Working Committees Set Up For Organization of Power Boat Transport

At a meeting here last night, called by Harold Husband, transport controller, of representatives of the newly formed Vancouver Island Power Boat Squadrons, working committees were set up and officers chosen.

R. Hails was elected chairman, E. Henshall vice-chairman, and W. A. Davis secretary of an executive committee of seven, which was entrusted with the responsibility of completing and maintaining the organization of the Power Boat Squadrons.

Skippers of the twelve squadrons, representing 248 boats already enrolled at Island points, attended the meeting as a central committee and elected Maurice Green as chairman and Major E. Mathews as secretary. Mr. Green will represent the central committee on the executive board.

The central committee immediately after election went to work considering a number of details of operation and organization to be referred to the executive for action.

KUIBYSHEV, April 23 (AP).—Red Star, official army paper, disclosed today the Red Air Force now is flying five new model pigmes: three fighters, a long-range bomber and a low-altitude bomber.

HUNDREDS OF FRENCH DIED

Reports Say 722 Ordered Slain Since Start of Hostage System

VICHY, April 23 (AP).—At least 722 Frenchmen are known to have been ordered executed in the several months that the German system of executing Frenchmen has been in operation—and this figure admittedly is far from complete.

The hostage system itself was not proclaimed until just eight months ago today. For one month it was suspended.

An announcement by Fernand de Brinon, Vichy representative in Paris, that he had obtained commuted sentences for three Free French recruits disclosed incidentally that on March 3, 1941, a member of the Free French military recruiting network was shot by a German firing squad at Nancy.

No more executions were made public until six months later when terrorist activity broke out in the occupied zone.

The first rumblings began in July when the German army was swinging into Soviet Russia territory and the newly-designated Minister of the Interior, Pierre Pucheau, began arresting labor elements by the hundreds.

WAVE OF DISORDER

It was not until last August 12 that a startling incident brought a wave of disorders into public view—two mass demonstrations broke out in Paris and shots were exchanged with the French police.

Three days later, General Otto von Stuelpnagel, Nazi military administrator of occupied France, issued an ordinance making Communist activity there a capital offence.

The ordinance apparently was considered retroactive because the first two executions on August 20 were for participation in the August 12 demonstrations.

August 20 was the date of the mass arrest of all 6,000 Jews inhabiting the Eleventh Arrondissement of Paris, in an apparently unsuccessful effort to nab the terrorist leader, Gilbert Andre Brustlein, who is still at large.

Also, attempts on the lives of German army men, and particularly railroad sabotage, were becoming common.

HOSTAGE SYSTEM

Three days later the Nazis inaugurated the hostage system with the announcement that "in the case of a new criminal act a number of hostages corresponding to the gravity of the act committed will be shot."

On the same day Communist activity was made punishable by death under French law as well and special French courts were set up in an effort to take the extremist problem back into French hands.

In spite of this, on August 30 eight Frenchmen were shot by a Nazi firing squad for espionage and activity with the Free French.

As the terrorism continued, Lieut.-Gen. Ernest von Schaumburg, commander of the city of Paris, decreed the death penalty for possessors of illegal arms, a decree which was to take a heavy toll of lives.

September 16 was the first time the execution of hostages was announced, with a batch of ten shot.

The executions continued steadily until October 3, the Germans announced that a total of seventy-one Frenchmen had been shot. This was twenty-one more than any available records showed and it was the last time any official total was given. Since then it has been necessary to add such day-to-day announcements which may happen to be received from various parts of France. No other figures may be given.

FREED BY NAZIS

The twenty hostages of St. Nazaire, seized by the Germans because Frenchmen of the coastal city participated in the British commando raid on the nayal base March 28, were freed today by the Nazis.

It was the second such act of intended conciliation toward the French in two days, although it came after a total of 123 German executions of Frenchmen since April 1.

Upwards of 100 hostages remain who are scheduled to die unless perpetrators of several outbreaks are yielded up to the occupying authorities by two deadlines—one tonight and one Sunday night. Among these are eighty hostages taken to Rouen for the bombing of a German troop train. There are fifteen at Paris in another group and an unstated number in a third group.

The St. Nazaire hostages were freed after Vichy authorities made personal representations in their behalf.

CHINESE WITHDRAW ON BURMA FRONT

than 150 miles south of Mandalay.

The front now is in the vicinity of Myidanggan, north of Pyinmana on the railroad to Mandalay, said the Chinese, with bitter fighting still in progress.

There, too, the story was similar: Lieut.-Gen. Joseph W. Stilwell's Chinese troops were engaged almost continuously for weeks without relief, while the Japanese continued to throw in well-rested reinforcements.

PLUMBING AND HEATING POINTERS by CRANE NO. 5

IF YOU ARE MOVING...
HERE ARE THE THINGS YOU SHOULD DO TO ASSURE THE "HEALTHY" PLUMBING SYSTEM THAT MEANS A HEALTHY HOME—

FIRST OF ALL
Clean and disinfect all plumbing fixtures, especially toilet seats and covers. Safeguard the health of your family . . .

YOU MAY HAVE TO USE
a cleanser to remove encrusted dirt from china and porcelain enameled surfaces of the sink, lavatory and other fixtures. A mild solution of chloride of lime is recommended for this purpose, to be washed off afterwards with hot water. ONCE THOROUGHLY CLEAN, keep your fixtures that way, daily, with a bristle brush and soap and hot water only.

CLEAN DRAINS
with specially prepared Crane Waste Pipe Cleaning Compound, available through your nearest plumber. If this simple treatment fails, call the plumber to inspect and clear the trap. Clogged WASTE LINES ARE UNHEALTHY.

IF faucets leak or toilet does not operate properly the plumber can adjust or repair them promptly.

BRITAIN BUYING CANADIAN CHEESE

OTTAWA, April 23 (CP).—Agriculture Minister Gardiner yesterday announced completion of a new agreement with the British Food Ministry calling for delivery in the current fiscal year of at least 125,000,000 pounds of cheese at a price of twenty cents a pound, basis Montreal.

The brief statement from Mr. Gardiner's office said:

"Hon. James G. Gardiner, Minister of Agriculture, announced today that the Dominion Government has approved an agreement with the British Ministry of Food for the sale of Canadian cheese produced between the 1st of April, 1942, and the 31st of March, 1943.

"The agreement provides for a minimum of 125,000,000 pounds and, subject to marine freight space being available, such additional quantities as the ministry may require and Canada may have available for export at a price of twenty cents per pound for first-grade cheese f.o.b. ship Montreal, or f.o.b. car Montreal for shipments made after the close of navigation from Montreal."

The new agreement means a four-cents-a-pound increase in the price paid for export cheese.

Veteran Male Choir Begins Celebration Of Golden Jubilee

Arion Club Gives Programme at Empress Hotel —President Frank Sehl Gives Resume of Fifty Years' History

USHERING in the commencement of the choir's fiftieth season, the Arion Club's concert at the Empress Hotel last night was an unusually significant event, and a big audience, numbering scores of loyal friends who have ardently supported the club affairs for many years, applauded the singers with great enthusiasm.

The historical significance of the occasion was brought to the attention of other members of the audience by Mr. Frank Sehl, president of the club. In a short speech after the intermission he recalled that the club was organized in the Autumn of 1892, the first conductor and founder being William Greig. Of the three other founder members, E. Howard Russell, George Jay and Herbert Kent, Mr. Kent was the last surviving, and the club was proud of the fact that he was still an active singing member of the choir. Introduced, Mr. Kent was delightedly applauded.

From this nucleus of four, the original choir of twenty-four had evolved, and in May, 1893, gave its first concert. Conditions permitting, Mr. Sehl said, the present plan was to celebrate the golden jubilee with some kind of gala concert, details of which would be worked out next Autumn.

In his brief resume of Arion Club activities, the president noted that the choir had given and assisted at about 140 concerts, in addition to its own regular concerts, raising over $6,000 for various charitable funds. In the fifty years 352 members had passed through the club roster.

THE PROGRAMME

Its veteran years notwithstanding, the choir last night, under Conductor Philip Hughes, showed an unshaken esprit de corps, and a tonal resonance and singing spirit which quite belied its age and its indexed place as "dean of all male voice choirs of the Pacific Coast."

It was a characteristic programme, built of good melodious music, with pleasing opportunities for harmony singing, nice variety of sentiment, and mood ranging from the poetic and lyric to the convivial or the fiercely dramatic and robust battle song.

The traditional practice of including some tried favorites proved as popular as ever, and the club was at its best, musically as well as in esprit de corps, in "The Big Brown Bear," with its well-mimicked "Woof!" the "Cossack War Song" (Horatio Parker), which had an infectiously energetic galloping tempo, and "March of the Men of Harlech," which achieved a challenging climax. These were all spirited interpretations, sung with fervor, spontaneity and carefree assurance of familiar words and music. The audience called for repetitions of each.

"MILLER'S WOOING"

The programme opened with Easton Faning's "The Miller's Wooing," an admirable example of harmony-writing, and offering the various groups of voices good opportunities. The tenors were slightly on the weak side in the opening verse, but strengthened as the number proceeded, and worked into a better balance with the basses, which were a particularly strong section at all times last night. The quick tempo and crescendoes of Geoffrey Shaw's "Hey Robin" were quite cleverly mastered. There followed in the first half of the programme Brewer's "Sing, Sing, Music Was Given," Johannes Pache's "The Source of Song," which had nice lyric expression, the incidental baritone solo part being taken by Gilbert Margison, possessor of a pleasing voice; "Poculum Elevatum" (Dr. Arne), with R. H. Reeve as bass soloist; Harmond's "The Dawn," which rather lacked in spontaneity, and Brewer's setting of Tennyson's "Break, Break, Break," which had pleasing sincerity of mood.

AFTER INTERVAL

The second part of the programme, including the three old favorites already mentioned, was altogether more spontaneous and animated, a singularly beautiful number being the unaccompanied "Night Witchery," (Starch), which had just the right quality of poetic fancy, delicacy of shading, and general lightness and sprightliness. Kyrle Symons gave a very attractive reading as tenor soloist in Reichardt's "Image of the Rose," his voice being of pleasing and natural lyrical quality, with excellent enunciation and intonation, and a charming simplicity of manner. The hummed accompaniment by the choir was effective.

Unaccompanied was "Shadow March," sung in the spirit of a nursery story, the tempo intimating the quick succession of square-cut steps in the stair. This had nice imagination.

THE SOLOISTS

Miss Peggy Walton, well-known dramatic soprano, was the guest soloist. In addition to her three independent numbers, Massenet's "Elegy," Gretchaninoff's "Hushed the Song of the Nightingale," and Ernest Charles' "When I Have Sung My Songs," which demonstrated the range and power of her voice, she had a highly important role as soloist in "The Legend of the Bended Bow," where many declamatory narrative passages of dramatic type were assigned to her. This work made big demands on the choir also, and a very fine climax was achieved.

Gilbert Margison contributed a group of baritone solos, "Love's Guerdon," "When I Think Upon the Maidens" and "Without a Song," the last added as an encore. Spontaneity and good diction plus pleasing vocal quality made these numbers popular.

Mrs. C. C. Warn filled the role of accompanist with characteristic ability.

DRAG NOT NEEDED FOR PROMOTION

Defence Minister Believes Army as Free From It "As Any Organization"

OTTAWA, April 23 (CP).—Defence Minister Ralston told the House of Commons tonight that possession of "drag" or political influence is not necessary to obtain promotion in Canadian forces.

Personnel selection forces are active throughout sixty training stations and district depots the minister said, seeking men for appointment to positions for which they are fitted, and making recommendations.

Applications through commanding officers for transfer to services or branches of services for which recruits believed themselves best fitted were facilitated, Colonel Ralston said.

But, although it was claimed in almost every activity, military and civilian, that "drag" was necessary in order to get advancement, Col. Ralston said he believed "the army is about as free of that as any organization."

REJECTS APPEAL

LONDON, April 23 (CP).—The House of Lords rejected yesterday an appeal by Lord Portsea to send food ships to Britain's Channel Islands where, the eighty-two-year-old peer declared, 90,000 persons are starving. The islands, including Guernsey and Jersey, are occupied by the Germans.

FOR THE BLIND

OTTAWA, April 23 (CP).—Sound reproducing books for the blind are to be carried through the mails free of charge, in the same way as raised-type books for the blind have been carried for years, Postmaster General Mulock announced in the House of Commons today.

NEW NAVAL STAFF

UNITED NATIONS HEADQUARTERS, Australia, April 23 (CP).—Vice-Admiral Herbert Leary announced today the makeup of a fourteen-man naval staff for Allied forces in the Southwest Pacific, headed by Capt. Cary Jones, of the United States Navy. Ten United States officers, two Australians and one Netherlands officer will serve under Captain Jones.

WILL INCREASE AIR OFFENSIVE

Attacks on Germany to Be Greater Within the Next Few Months

LONDON, April 23 (CP) — The R.A.F.'s offensive against Germany will be increased in the next few months as United States' bombers and new British types join in the attacks, a high-ranking British air source predicted today.

He said the pace of the British campaign already is so intensive that on six nights between March 20 and April 20 the R.A.F. plastered Germany with a higher total of explosives on each night than the Nazis loosed on Britain in the entire month.

The Germans dropped barely more than 250 tons of bombs on Britain in thirty-three nights, while on one night alone R.A.F. raiders dropped more than 1,000 tons, he added.

While he conceded that "you can't conduct an offensive without losses," this source said he felt that in view of the weight of the British attacks their losses were "proportionate to the investment." While the R.A.F. recently lost fifty-one planes in four days, he said that as many as 300 had been sent out on bombing missions with the loss of only five.

In comparison, he cited German losses of 140 planes in attacks on Malta alone from March 20 to April 20—a period in which the R.A.F. lost only 112 in all its attacks on Germany.

MONDAY'S PLEBISCITE

Next Monday's plebiscite will decide what proportion of the people of Canada want everything possible done to insure the victory of the United Nations in the present world struggle. They are asked to relieve the Government at Ottawa from any commitments made by word of mouth against the total participation of this country in the war. The whole trend of the war, particularly in its later months, illustrates the nature of the challenge there is to the security of this and every other nation fighting the aggressors. Mr. Winston Churchill, in his Ottawa speech, said: "The enemies ranged against us have asked for total war. Let us make sure they get it." That alone should constitute an all-compelling reason why the answer to the plebiscite should be "Yes." Were it otherwise this country would continue to regard the war as a limited liability.

All those who vote "No," all those who refrain from voting because aggrieved that there should be a plebiscite at all on such a subject, will be giving comfort to the enemy. That will not be the intention of those who claim that they will not go to the polls but it will be the reality of their failure to record their determination to do all possible for victory. These and others have criticized the failure of their Government to engage the country in the war to the utmost of its strength. Now they have the opportunity of telling that Government that they want an all-out effort, and, the greater the majority there is for this, the less inclination there will be on the part of Government to disregard the verdict at the polls. Potential non-voters cannot argue with any show of logic that it does not matter what verdict is rendered, because the Government is determined now on a course which it will pursue. Let there be no mistake about this. If the answer to the plebiscite is in the negative that Government, no matter what circumstances might arise, would consider itself bound by its pre-election promises, which amount to promises not to engage in total war, no matter what the enemy may do, no matter how overshadowing the threat may grow to this nation's security.

An affirmative vote on the plebiscite will be sentence for open war, the blast of which may any day be blowing in the ears of this Dominion. Other nations do not hesitate for a moment about what must be done when the very walls of civilization are tumbling about their ears. Canada must play the part of a man with all the man-power and woman-power she has. That can only be done if the Government is told emphatically that no stifling promises can be allowed to stand in the way of pursuing the path to victory. Vote "Yes," and make the vote a resounding pledge to the common cause of human freedom.

THE ARSENAL OF RESISTANCE

The United States will, before long, become the arsenal of Democracy, but it is not so yet. This is admitted by The Minneapolis Star-Journal. That place for the time being continues to be enjoyed by Great Britain where the production of war material is "three times as great now as in the months right after Dunkerque, and ten times as great as when the war began in 1939. This production, says The Star-Journal, "still exceeds that of the United States. We won't catch up with her until the late Spring or Summer . . . Those who have the notion that Britain is getting a 'free ride,' now that the United States is in the war, might especially take note that to date Britain is still pulling more weight in the boat than we."

There is another opinion on this subject worth recording. It comes from The Economist. That publication says: "It is no disparagment of the great fighting qualities of Dominion and colonial troops, or of the astonishingly high percentage of volunteers for military service that their small populations have achieved, to make these points. Nor would it be a disparagement of American aid which, with American war industry, is still in its infancy, to point out, as it should be pointed out, that on the world battlefronts together, apart from Russia, the overwhelming majority of Allied aircraft and equipment is still British made; and, in Russia the imported planes and tanks, that are making more than a little difference to the fighting, have been sent out from Britain. The United States will be, must be, the arsenal of democratic victory, but Britain has been, and is, the arsenal of democratic resistance, as well as a source of fighting man-power second only to Russia and China."

MADAGASCAR

There are growing reports of infiltration by Axis agents in Madagascar, and now that the Vichy Government is wholly in the hands of outright collaborators with Berlin there can be little doubt that the French possession, off the south-east coast of Africa, is wanted as a base from which to harry shipping of the United Nations voyaging round the Cape of Good Hope. It is not only Germans who are in Madagascar. Many weeks ago a Japanese mission was dispatched there and the assumption is that, when the time is considered ripe, Vichy will allow the Island's occupation by Japanese forces. This plan would be through an arrangement reached between Berlin and Tokio. The possibility of this was foreseen in South Africa when Japan entered the war. It explains why the Government at Capetown has promptly broken off the slender diplomatic relations that existed with the Vichy Government, now that M. Pierre Laval heads that administration. Shortly after the outbreak of war with Japan The Johannesburg Times showed what has proved little short of prophetic vision in its estimate of coming events, and it may prove entirely right with the developments now taking place. It said:

"Turn (as President Roosevelt advised) to a map of the world. Look at French Indo-China and Thailand. They were ideal sally-ports against Burma, Malaya and the Dutch East Indies. Compare them with Madagascar and Mozambique. They are ideal sally-ports against South Africa, the Rhodesias, Nyasaland and Tanganyika. It is true that Madagascar is nearly 5,000 miles farther than Indo-China from Japan, and that there are not so many island stepping stones in the Indian Ocean as there are in the Pacific. But there are some—the Cocos-Keelings, the Chagos group, Rodriguez, Mauritius, Reunion ,the Seychelles—which a resolute aggressor in control (or even in partial control) of the sea, would find very useful; and we can depend upon it that no difficulties of distance or dangers of transport will deter the Japanese from attempting some form of attack on this country if once they can gain command of the Pacific barrier, the bastions of which are Sumatra and Java. It becomes necessary therefore for South Africa to consider well the significance of a statement, published during the past week, that recently the Vichy French ports and air bases in Madagascar have been greatly strengthened, and that more than 400 French ships have passed through the Strait of Gibraltar for Madagascar in the last few months. Does this mean that Madagascar is preparing to reinforce or to resist Japanese aggression? If the precedents of Indo-China and Syria are any criterion, it means that Madagascar will oppose Allied protection but not Axis infiltration. We fear it means, once more, that what Darlan calls 'defending the French Empire' is first to surrender to the aggressor and then to fight anyone who attempts to turn the aggressor out. Today it is reported that a Japanese mission is on the spot. Well may Professor Cilliers warn Africanders of the Opposition factions that the hour of a vital decision is upon them."

SALUTING

It is unlikely that the suggestion made in the House of Commons by Mr. T. L. Church (Broadview) that an end should be put to saluting in the Services, except on parades, will be adopted. It is a part of the disciplinary ritual that has prevailed in the Services for a long time, and betokens not only respect but comradeship as well. The argument advanced by Mr. Church is not well sustained. He wants to know why seasoned veterans "of actual combat" should salute newly-appointed woman officers of the auxiliary corps. He omitted to say that salutes have to be returned, and the women in question probably feel prouder of saluting a veteran of war than in receiving that tribute from him.

Mr. Church must know that the word "salute" comes from the Latin "saluto," meaning "I greet." Such greetings are what take place between comrades in arms. It is a mark of respect performed in different ways, according to circumstances. For instance, salutes are fired from guns, the number marking the rank of the person saluted. A royal salute consists of twenty-one guns. Ambassadors are saluted with nineteen guns; and so the number decreases, to the salute for consuls, captains of the Navy, etc., which is of seven guns. A foreigner's salute is return gun for gun. Troops under arms salute with their rifles; staff officers salute with the hand, as do soldiers, sailors and airmen when unarmed. Mr. Church should know, too, that the theory of the salute is founded on the temporary disarmament of the person saluting. Thus, in the naval salute, the discharge of the guns renders the ship for the time helpless; and in the military salute each of the various movements disqualifies the performer both for attack and defence. That very fact shows that the greeting is one of friendship. The exertion involved is of a negligible variety.

TUNNEY AND DUNHILL

Mr. Gene Tunney, once world heavyweight champion, recently alluded to tobacco as a deadly foe of the physical welfare of the race. He has received a reply from one whose name is perhaps even more widely known than his own. Mr. Alfred H. Dunhill writes from England: "I have read with great interest and pleasure the article "Tobacco Deadly Foe, Says Gene Tunney," which appeared in your issue of January 19 (The Globe and Mail, Toronto). Mr. Tunney, for whom we, in England, have the highest regard, is simply following in the train of those who judge not fairly because they judge in haste. The fact, of course, is that with smoking and drinking and many other pleasant habits, vice lies in excess. Nobody, for instance, defends the chain cigarette smoker. Perhaps, however, he might say "Mind your own business," and as my business lies, among other things, in the selling of cigarettes, I ask his forgiveness for citing him as a horrible, if profitable, example. There is much to be said for Aristotle's maxim that virtue lies in the Golden Mean."

The author of the sonnet, "Shakespeare's Birthday," appearing in this column yesterday was Mr. W. D. Calvert of Milne's Landing. His name was inadvertently omitted.

WE WILL SPEAK OUT

We will speak out, we will be heard
Though all earth's systems crack;
We will not bate a single word,
Nor take a letter back.
Let liars fear, let cowards shrink,
Let traitors turn away;
Whatever we have dared to think
That dare we also say.
We speak the truth, and what care we
For hissing and for scorn,
While some faint gleamings we can see
Of Freedom's coming morn?

—James Russell Lowell.

PRAYER FOR A GARDEN

O God, be gentle to this garden spot.
Here have I rested on a Summer day,
Drinking the wine of this forget-me-not,
Breaking the bread that full-blown roses lay
Before my hungry eyes, filling my ear
With bells of tulips ringing bright and clear

Here have I slept when night came to each flower,
Wrapped in these shadows, pillowed at my head
With selvet pansies through the dark's blue hour;
Here have I dreamed, and I was comforted.
O kindly Father, write upon Your scroll
This is a petaled tavern for the soul.

—Daniel Whitehead Hicky.

TIMES GO BY TURNS

The sea of Fortune doth not ever flow,
She draws her favors to the lowest ebb;
Her tides have equal times to come and go,
Her loom doth weave the fine and coarsest web;
No joy so great but runneth to an end,
No hap so hard but may in fine amend,
Not always fall of leaf, nor ever Spring,
No endless night, yet not eternal day;
The saddest birds a season find to sing,
The roughest storm a calm may soon allay;
Thus, with succeeding turns, God tempereth all,
That man may hope to rise, yet fear to fall.

—Robert Southwell.

Note and Comment

By SANDHAM GRAVES

Then, of course, there is everyman's estate. You can see a part of it when the copper beech, standing alone in a wide stretch of green lawn, opens its new leaves to the sun. Its foliage is early this year, although it will hold its leaves for six weeks or two months after other deciduous trees have let theirs fall. The new leaves are of a light bronze color, and, from a distance, one might mistake them for blossoms. This copper beech happens to be a public tree. It grows in the grounds of the Legislative Buildings, and is quite without politics; although I must say it inclines towards the Department of Public Works, and leans away from the odiferous retorts of the assay office. For eight months to come, the copper beech will queen it over this part of the public's domain.

* * *

Elsewhere, the acacia, too, is part of everyman's estate. At this season of the year the acacia will thrust its cuffs at you; the seed clusters taking on the appearance of intricate concentric designs of filigree work, in tarnished silver or beaten gold. Nearby you will see maples, with their delicate green pendants bearing the seeds that will become the bat-winged flyers of the Autumn. As quick as you may shift an eye you will find new foliage, and all of it is going through successive phases of graceful change. Spring is a magic season of the year in everyman's estate.

* * *

Beyond the copper beech tree and at some distance to the southeast, stand the Lombardy poplars; looking a good deal like a family, with two adults, and four straight-growing children. In full leaf, they look like green peacocks with their heads raised, and their glorious tails narrowed and arched high in the air. A little farther off is another clump of poplars, which, very cleverly, have managed so that they appear like a green cathedral front in the air. Look at these, and one can imagine organ music swelling, as the wind brushes their leaves mast-high in the air. Very beautiful is everyman's estate.

* * *

The show, however, has merely begun. On the boulevard, the common chestnut tree, with an uncommon set of antics in the Spring, has begun the gay processions of its leaves, and flowers and immature fruit. The terminal leaf-buds burst open days ago. The new leaves hung down like green handkerchiefs propped on sticks at first; but now they have begun to stiffen and swell. Already the flower standards are lengthening; with their buds like small merry-go-rounds, tier upon tier. It is a gay show, that; with its climax in the pink and white petal-rain that will fall in rings around the bowls of the tree when the fruit has been properly set.

* * *

Supposing you had no eyes, you would still hear of everyman's estate in many ways. The birds tell of it. A day seldom passes that the thrushes, the meadow larks, and the singing sparrows do not describe the whole scene. All day long they sing, and sometimes at night, after the street lights have come on, you will hear the vesper sparrow pick up the tale from there. It is the story of green cover, food, and plenty for the birds; the story of the sun's warmth, the dew on the long grass, and the soft April rains. It is the story of life, itself. Listen to the woodpecker drumming it out from a dead-tree bowl. There is a message that is as old as the listening hills.

* * *

Golden and green on the hill stand the gorse and the broom. Above them, the oaks have put out new crinkled leaves, and the arbutus has burst into bloom, with blossoms like lily of the valley. Below them, the wild grass lengthens into green spear-points and sabres, and through the grass, the bluebells beckon and nod with every passing current on the light Spring air. A hundred times a day we pass these things, and see them not. Only when visitors come do we look at our own community. Yet this is part of everyman's estate; part of the living beauty of the natural world. Spring is its flowering, the rich and abundant promise of life reborn.

McNaughton to Speak Tomorrow

OTTAWA, April 23 (CP).—Lt.-Gen. A. G. L. McNaughton, general officer commanding the First Canadian Army, will speak on the "With the Troops in Britain" programme to be broadcast over the Canadian Broadcasting Corporation's national network, Saturday, April 25, from 5:00 to 5:30 p.m. (P.D.T.), with a rebroadcast over the Pacific network from 11:00 to 11:25 p.m. (P.D.T.), it was announced today.

His subect will be the "Battle of Vimy Ridge," fought twenty-five years ago this month, in which Canadian troops participated.

The Observation Car

By G.B.

According to the Korean-American Council, an organization seeking to restore independence of Korea, Japanese cherry trees should be rightfully called Korean trees. "Forebears of the trees were stolen from Korean and Chinese people by rapacious and savage Japanese," the council states. "It is a significant fact that the tomb of Queen Minn of Korea, murdered by Japanese, was erected in the Yang Ju Valley of Korea, the original habitat of the Korean cherry tree, where at this season thousands upon thousands of blossoms are mournful reminders of Japanese aggression and terrorism against the people of Asia" . . . Ottawa has finally admitted the possibility of an attack on the Pacific Coast according to this communique of April 20. "Our coasts are exposed to hit-and-run raids, and long-range bombing from bases now in the enemy's possession or those which he may be able to acquire are not beyond the bounds of possibility" . . . A $2,000,000,000 Russian victory loan offers takers the choice of interest coupons or state lottery tickets. Bonds will mature in twenty years and bear 2 per cent interest . . . Russians recently developed an anti-tank gun to be mounted on airplanes . . . A list of expenses paid to $1-per-year men would make interesting reading . . . Wasting paper is punishable by heavy fines in England. Love letters, cigarette packets, theatre ticket stubs, chocolate bar wrappers must all be saved. Garbage must not be wrapped in newspapers . . . Now we have chucked the Japs off Vancouver Island why not round up all Italians, Germans, Austrians and other aliens with whom we are at war?

Aerial Activity Mounts in Russia

Continued from Page 1

Russian reports from the southern sectors, where the ground now is hardening and where the Germans might be expected to strike an early new blow toward the Caucasus, indicated that German counter-attacks had waned mysteriously.

THE NEW RESERVES

Of the total of German reserves called recently to the colors, at least 900,000 were said by Lozovsky, the Soviet Vice-Commissar of Foreign Affairs, to be from new military classes of youths seventeen and eighteen years old. Half a million more, he added, were taken from vital industry and another half a million from "the vassal countries."

There had been no change in Soviet-Japanese relations since the April 13 anniversary of the Soviet-Japanese neutrality pact.

NOT OVER-CORDIAL

LONDON, April 23 (CP).—Strained relations between German and Italian troops fighting in Russia were indicated in a report broadcast by the British Broadcasting Corporation today.

Russian authorities were said to have discovered an order addressed to Italian troops instructing them: "Avoid all clashes with our allies."

The Russians reported an attempt by a strong Italian force to outflank a Russian detachment. The Russians allowed the enemy to advance and then opened heavy fire. At the first salvo, the Italians "dispersed" and half of them were wiped out, the B.B.C. said.

GUILTY BUT INSANE

LONDON, April 23 (CP).—After deliberating forty-five minutes, a jury today found Pte. J. W. Moore, of Chatham, Ont., guilty of murder but insane. He was ordered detained "during His Majesty's pleasure."

Dr. W. McCartin, mental specialist, had testified that in his opinion Moore was a "moral defective."

Moore, eighteen, is charged with the slaying of two policemen in Sussex, February 26.

FIFTY YEARS AGO TODAY

(From The Daily Colonist of April 24, 1892)

The Michigan Opium Seizure—The steamer Michigan has gone to Tacoma to put on a new wheel. Captain Graves says the reports regarding the seizure of opium on the vessel, at Port Townsend, were much more sensational than the facts warranted; that a small quantity of opium was found in the coal hole, but not in secret lockers as reported. As to the exact amount found he said he did not know, nor did he know to whom it belonged, as no one showed any anxiety to claim it after it had been discovered.

Jumbo—The big street roller Jumbo was at work yesterday on Government Street, and did good service in levelling the thoroughfare where recently damaged by excavations. Jumbo was the cause, however, of considerable trouble to drivers of teams, whose horses appear to have a decided antipathy to the heavyweight tricycle.

At the Synagogue—Rev. Dr. Schreiber, of Spokane Falls, is in town and will deliver a lecture in the Jewish Synagogue, this evening, to which all are invited. The reverend gentleman is a well-known and very popular lecturer, and will doubtless have a large audience. He is also an author of some note, and one of the most scholarly men of his church on this continent.

Western Front Is Desire of Briton

structure down . . . But if the Russians are defeated and driven out of the war, never will such a chance come to us again."

"Strike out to help Russia," Lord Beaverbrook challenged. "Strike out violently. Strike even recklessly. But in any event, such blows that [illegible] contribution to the Russian battlefront."

PRAISES CHURCHILL

Lord Beaverbrook gave the highest praise to Winston Churchill and denounced "that bad rumor" that the Prime Minister might fall before the Summer is out.

"Such a disaster we cannot contemplate in Great Britain," he said.

"This man has a heart steeled against all disappointments, proof against all setbacks and disasters. He has the greatness that is born of the spirit. His burns with the flame of passionate conviction.

"He makes mistakes—and profits from the errors he commits. He achieves successes—and cares little for the public praise that follows . . . No thought of compromise ever enters into his head . . .

"Churchill is the embodiment of the spirit of Britain today."

Lord Beaverbrook, from his intimate knowledge of Britain's position from the time just before Dunkerque when he entered the Government as Minister of Aircraft Production until his recent arrival in the United States to handle lease-lend shipments to Britain, gave a grim picture of the difficulties the British people had faced.

"Never, never has any race fought so hard, so furiously as the British people in the last two years," he said.

He pointed out that just two years ago Britain lost all her equipment. "All the weapons gone. The cupboard was bare. Not even a rifle. Guns we lost in thousands. Vehicles by the fifty thousand. Almost all our tanks and many airplanes."

LOSS AT DUNKERQUE

He disclosed that forty-seven warships were lost in operations off Norway and Dunkerque, "and when the evacuation was over half our destroyer fleet lay awaiting repairs in our shipyards."

Then came the Battle of Britain "and I must tell you that when that struggle began we had in reserve only five fighter aircraft in the storage units."

"What did this mean?" he asked. "That if an airplane was lost, but the pilot reached safety, still he could not be used again, for we did not have another mount for him. By improvisation, by invention, by every form of makeshift, we managed to keep the fighting front supplied with aircraft. Every human being worked all out. There was no need for clocks or other time-keepers during the Battle of Britain."

In the Spring of 1941 came the assistance to Greece. "We were defeated in Greece. Crete was a weary burden . . . other events followed swiftly . . .

VICTORY OR DEFEAT

"Two big years for Britain, 1940 and 1941. Victory or defeat? Victory certainly. The German plan of campaign was destroyed."

"The story of the production of arms and weapons of every description during the last two years is a high tribute to the British genius for war," he said.

"The task of equipping our army has far exceeded anything that was contemplated when war began. Each division now carries 1,000 tons of ammunition . . .

"Our tank production has been doubled in the last six months, and our output of guns of two-pounder calibre and over exceeds 35,000 a year.

"Our cruisers have been on duty 300 days in the year. Our submarines have sunk or damaged 326 enemy ships, sixty-four of them warships. And our attacks from sea and air have destroyed 5,250,000 tons of merchant shipping, three capital ships, thirteen cruisers, fifty-three destroyers and many submarines.

NAZI PLANE LOSSES

"The Royal Air Force and other services have destroyed over 10,000 Axis planes for the loss of under half that number of their own. Last year we sent abroad 9,972 airplanes against the 2,134 we imported into Britain."

Outlining the sacrifices of the people of Britain, Lord Beaverbrook said:

"They have adopted black bread for white. They have given up eggs. There is no more beef. Oranges and lemons have been forbidden. There is not even an apple in this other Eden, semi-paradise . . . They have sacrificed sugar to the Russians, whisky to the Americans, corn to the Egyptians, railway engines to the Persians and railings to the tank factories . . .

"And don't ask the poor man for a match or the rich man for a dime, because they have neither."

Lord Beaverbrook said he had been in favor of a second front since his visit to Moscow last October at the head of the British Supply Mission, which was accompanied by the American Supply Mission headed by W. Averill Harriman.

TANKS AND GUNS

At that time, he said, the missions agreed to provide the Russians with aircraft, tanks and guns.

"And some short-sighted people complained that we did wrong to put weapons in the hands of Communists," he added.

"I don't understand the complaint. Communism under Stalin has produced the most valiant fighting army in Europe. Communism under Stalin has provided us with examples of patriotism equal to the finest annals of history . . . Communism under Stalin has produced the best generals in this war."

He said there was no religious or racial persecution in Russia and while there had been political purges, "it is now clear that the men who were shot down would have betrayed Russia to her German enemy.

"Then, again, it is said by one of my neighbors: 'Don't give any more supplies to the Russians lest they use their weapons against us the next time they change sides.'

TO SAVE RUSSIA

"That is not possible. There is no crossing that river of martyrs' blood. Maybe more than 1,000,000 men and women have died to save Russia. The peace will come, not from negotiation, but from subjugation. Russia or Germany must be destroyed.

"Besides, Stalin has pledged his word to make war and peace with Great Britain and America. He will respect this promise. Stalin accepts the Atlantic Charter."

The great problem now facing Britain, Lord Beaverbrook said, is the combination of the need of ships and the loss of sources of supply to the Japanese.

Unless the United Nations can protect raw materials and restore lost treasures "then the struggle for victory becomes a struggle for survival," he said.

Ships must be built and alternative sources of supply must be developed. Substitutes must be found.

In this connection he praised the work of Jesse Jones, United States Secretary of Commerce, who through "persistence, tenacity and determination" scooped up every available ton of crude rubber in the Far East.

Dr. G. C. Carl Guest Speaker

Dr. G. Clifford Carl, director of the Provincial Museum, was the guest speaker at the Government Printing Crafts and Social Club, held on Tuesday evening at Terry's tea room. Dr. Carl spoke on "Bumble Bees and Spinsters," and illustrated his address with diagrams showing the interdependence of all plants and animals in nature. At the close of the evening he showed a natural color film entitled "Sea Birds," depicting some of the common birds of this region in their natural habitat.

Lilian Parfitt presided over the brief business session, and Frank Humphrey, chairman of the war efforts committee, made a report on the progress of his group. During the social hour, A.C. Gerry Gosley, R.A.F., accompanied by Flt.-Sgt. Jackson, gave two humorous turns; Mrs. Grace Brown-Wilson, with Mr. Steve Russell as accompanist, rendered two vocal solos; Ted Groves and Jack Gorle gave a saxophone duet accompanied by Reginald Mylrea, and the club orchestra provided a musical programme. G. S. Carr moved a vote of thanks to the guest speaker and artists.

FUEL RATIONING

LONDON, April 23 (CP).—An official spokesman said today the House of Commons would debate the issue of fuel rationing before any order limiting supplies is enforced by the Government.

This statement followed animated opposition to coal, gas and electricity rationing which developed immediately after the Government announced its plan Tuesday.

HUGE MILITARY BILL

WASHINGTON, April 23 (P. — The Senate completed legislative action today on a $19,151,597,000 military appropriations bill carrying a provision authorizing the renegotiation of war contracts to eliminate excessive profits. The measure, which now goes to the White House, would provide funds for 31,000 new army planes and equipment for a 3,500,000-man army.

PLENTY PULPWOOD

OTTAWA, April 23 (CP).—There is no serious shortage of pulpwood in Canada and production is not being restricted because of the ceiling price, said a return made in the House of Commons today for H. H. Hatfield (Cons., Victoria-Carleton).

TRAWLER LAUNCHED

A GEORGIAN BAY PORT, April 23 (CP).—The Royal Canadian Navy today received another unit when a trawler was launched here. The event was witnessed by shipyard workers and officials only.

INSTRUMENTS BADLY NEEDED

Sextants and Chronometers Are Required for Ships Building on Coast

Merchant ships now building on this coast for Wartime Shipping Board are urgently in need of instruments for navigating purposes, particularly sextants and chronometers which may not be in use at the present time.

Owners of such instruments need no enlightenment regarding the necessity for such on board every vessel carrying supplies and war materials across the Pacific and Atlantic Oceans, states James K. Cavers, chairman of the special committee appointed by the Vancouver Chamber of Shipping to obtain as many sextants and chronometers as possible.

As the supply of new instruments is inadequate to meet the demand, Mr. Cavers points out, the committee is making an urgent appeal to all owners of such instruments. The demand is partly due to officers who are assigned to these new ships having lost their sextants and all other personal effects through their vessels being lost by enemy action.

Owing to war conditions, makers of these precision instruments are unable to cope with the demand, and it is felt that many persons who have in their possession either a sextant or ship's chronometer will gladly lend or donate it to the British Ministry of War Transport so that the new British Columbia ships may be properly equipped.

CERTIFICATES

"Many owners will have a sentimental interest in the instruments they possess and may not want to sell them," Mr. Cavers elaborates in a letter received by The Colonist. "To these we say—replace them with a 'Certificate of Donation,' which will be given to each donor, and this will form a suitable momento. These certificates can be obtained from the Vancouver Chamber of Shipping in exchange for the instruments.

"On the other hand," Mr. Cavers concludes, "should an owner of an instrument wish to sell it he should communicate with Captain Dene, of the Ministry of War Transport, Vancouver, who will take delivery and arrange for payment."

WORKERS ARE RESPONSIBLE

Success of National Road's War Effort Due to Employees' Co-operation

MONTREAL, April 23.—That the ability of the Canadian National Railways to deal effectively with the responsibilities of wartime transport was due to the all-out co-operation of its workers, was a statement made today by R. C. Vaughan, president of the Canadian National Railways, during the course of his welcome to representatives attending the twelfth annual meeting of the system committee of the union management co-operative movement, maintenance of way section. Mr. Vaughan added that during 1941 the system had handled the greatest amount of traffic in its history, exceeding the previous peak year of 1928.

Mr. Vaughan made an extensive review of the conditions which face the transportation industry owing to the reduction of materials required and the increased cost of those which are essential to safe operation.

As to the system itself, Mr. Vaughan reminded his listeners "we operate the largest railway on the North American Continent and we have extended our activities. Not only have we added to the tracks by industrial sidings and other war requirements but we have gone into matters also necessary in the war effort. We are manufacturing guns. In our shipyard we have built mine sweepers and we are now engaged on a contract for the building of cargo vessels. For that purpose we have a force of 1,200 men at work and when housing facilities are completed that number of workers will be doubled."

DEPARTMENT ISSUING PERMITS FOR EXPORT OF SEASON'S SALMON

During the 1942 season export permits for Pacific salmon will be issued as follows, according to an announcement made yesterday by Major J. A. Motherwell, chief supervisor of fisheries:

1. Export permits will be issued for red spring salmon, no matter how caught, in a fresh, frozen, or mild-cured state, until further notice.

2. Permits will be issued for white spring salmon, no matter how caught, in a fresh state only, until June 20 only.

3. Permits will be issued for white spring salmon, mild cured, to the extent of the amount exported during the year 1941 by each operator.

4. Permits will be issued for kippered salmon to the extent of the amount exported during the year 1941 by each operator.

No permits for the export of fresh salmon, other than red and white springs, as stated above, will be issued. No permits will be issued for any species of frozen salmon other than red springs. This means that all varieties of salmon, other than red springs, may be frozen for the domestic market only.

BRITISH COLUMBIANS GET WIRELESS BADGES

CALGARY, April 23 (CP).—Canadians, Australians and New Zealand students were among the graduating class at No. 2 Wireless School here today. Among British Columbians were:

J. C. Airey, P. P. Davies, C. E. Stevens and R. Tarling, all of Vancouver; R. E. Balss, Duncan; J. N. Clarke, Dawsoon Creek; A. Cormack, Prince Rupert; W. L. Doman, Bralorne; W. H. Hallding, New Westminster; R. A. Rutherglen, Nelson; D. B. E. Skinner, of Ladner.

SURVIVORS OF SMALL VESSEL REACH PORT

PORTLAND, Me., April 23 (AP).—Adrift for twenty-seven days after their small Canadian vessel was torpedoed off the east coast of South America, eleven of eighteen survivors arrived here today with a tale of a German submarine commander who offered food and first aid and then gave directions that finally took them to safety. Their story was made public through the United States Navy.

Two crewmen lost their lives in the sinking. Several were hurt and treated in a South American hospital. They were picked up by a ship a few miles off shore. They were brought here in an Allied vessel.

IS FINED FOR HAVING HOME-BREWED BEER

In Saanich Police Court yesterday, Magistrate H. C. Hall fined a householder charged under the Excise Act with having home-brewed beer on his premises, $25. The dwelling was raided by Sergeant Eric Elwell and R.C.M.P. officers.

For contravening municipal regulations in installing a septic tank improperly and failing to abate the nuisance caused thereby, another resident was fined $25.

A motorist who sped through a ten-mile zone in which men were working was fined $10, and the same fine was levied against two drivers who exceeded the thirty-mile speed limit. A motorist who failed to wear his spectacles while driving under a restricted licence was fined $10, and two who did not stop at stop signs paid $5 apiece. Another driver who had no driver's licence was fined 5.

GAINED MEDALS FOR GALLANTRY

Two Canadian Flyers Decorated for Brilliant Deeds On Operations

LONDON, April 23 (CP).—The King has approved awards to two members of the Royal Canadian Air Force for "galantry displayed in flying operations," it was announced tonight.

P.O. Jerauld George Wright, twenty-two, of Liverpool, N.S., was awarded the Distinguished Flying Cross and Sgt. Harold Clinton Duffield, of Woodstock, N.B., the Distinguished Flying Medal.

With Flt. Lt. Desmond Hawkins, of the Royal Air Force, who also received the D.F.C., Wright, a navigator, carried out an "extremely important mission," the citation said. On a flight of thirty-four and three-quarter hours, covering more than 2,000 miles, Wright's brilliant navigation was responsible in large measure for the success of the operation despite adverse weather and intense cold which called for great human endurance.

Rear-Gunner Duffield's "great devotion to duty and fine example" during the March 28 raid on Lubeck, German port on the Baltic, earned him the D.F.M. He was wounded in the head, stomach and both knees when an enemy fighter made the rear turret unserviceable. He crawled and dragged himself to the mid-upper turret, the gunner of which had been wounded in the arm, and manned the guns there. The enemy fighter broke off the engagement.

Duffield was extricated from the turret, being unable to walk; and throughout the return journey "displayed great fortitude and cheerfulness despite his wounds."

LONDON (CP).—The House of Commons has taken a lead in a campaign to save fuel by using only necessary lights in the debating chamber.

Banff Hotel to Open for Summer Season in June

WINNIPEG, April 23. — Banff Springs Hotel, in the Canadian Rockies, will be opened for full seasonal operation this year on June 6, it was stated by T. E. Chester, assistant general manager of Canadian Pacific Hotels at Winnipeg. The big mountain resort will close September 9.

Chateau Lake Louise will not be operated, due to wartime conditions, Mr. Chester said, and the Chalet at Emerald Lake, near Field, will also remain closed, as will some of the mountain camps and lodges.

Devil's Gap Lodge at Kenora, on the Lake of the Woods, will be operated as usual as will the following lodges and camps operated in the mountains by interests other than the Canadian Pacific: Radium Hot Springs; Sunshine Lodge, near Banff; Mount Assiniboine Lodge, near Banff, and the Columbia Ice Field Chalet. Devil's Gap Lodge opens on June 13.

LANDED FIRST HALIBUT

VANCOUVER, April 23 (CP).—Capt. "Jimmy" Parsons, veteran skipper of the halibut fleet, brought his boat, the Agnes C., into port here today to win the annual race to be the first vessel of the fleet to reach Port of Vancouver this season. It made the third time Parsons had won the race. He started in 1940 when his boat brought in 14,000 pounds of halibut.

This year, however, stormy weather cut the catch to 8,200 pounds, only half a load. It was sold for $1,558 at a straight price of nineteen cents a pound to the Canadian Fishing Co., Ltd. A five-man crew split the price.

CRASH KILLS PILOT

SPOKANE, Wash., April 23 (AP).—A pursuit-type plane from Felts Field here crashed about 10:30 this morning inside the East Spokane city limits, officials at Geiger Field announced. The pilot, his name not immediately available, apparently was killed, officers said.

Recent Bride Honored

A delightful evening was spent on Wednesday, when a recent bride, Mrs. Robert McDonald, formerly Miss Brenda Fisher, entertained at her home on Moss Street. Mrs. McDonald wore her wedding ensemble, a smart suit of London tan, and a corsage bouquet of white carnations. The wedding presents were displayed in the den, a gift from the Victoria Girls' Drill Team holding the place of honor. Games were played during the evening, the winner being Miss Mabel Sangster. A buffet supper was served from a lace-covered table, the centrepiece being a silver basket of Spring flowers. A lovely silved tea service, a gift of the bride's mother, was placed at the head of the table. The invited guests were Misses Mabel Sangster, Jackie Youngs, Delle Murdoch, Beverly Clark, Barbara Campbell, Rosemary Watson, Betty Moore, Lillian Barber, Mabel Palmer, Vera Drew, Vera Woods, Beryl Saturley, Joan Sweatman, Doris Hunt, Jeanne Stuart, Margaret Gardner, Muriel Twitchell, Betty Porter and Kate Shute.

Miscellaneous Shower

Honoring Miss Lorna Noreen Evans, whose marriage to Gnr. Ernest N. Guille, R.C.A., of Killarney, Man., will take place on May 2, Mrs. W. Islett and Mrs. R. Manolescu arranged a surprise shower at the home of the bride-to-be, 507 Niagara Street, on Wednesday evening. Little Miss Sylvia Joy Evans presented the gifts to her sister in a flower-trimmed basket attractively decorated with mauve, pink and white paper. Games were played, prizes being won by Miss Lillian Johnson, Miss Betty Higgs, Mrs. O. H. Evans and Miss Noreen Evans. Refreshments were served at the close of the evening, the mother of the bride-to-be presiding at the supper table, assisted by Mrs. W. Islett.

Bride-to-Be Honored

Mrs. Frederic Green, Cook Street, entertained last evening at two tables of bridge and a miscellaneous shower in honor of Miss Joyce Scurrah, whose marriage to Cpl. Bernhard Kjekstad will take place tomorrow. The supper table was centred with an attractive arrangement of Spring flowers. The invited guests included Miss Patsy Scurrah, Mrs. W. Halkett, Mrs. Gordon Scott, Miss Laura MacBride, Miss Isabel Ramsay and Miss Betty McAdie.

Will Attend Wedding

Mr. and Mrs. A. Price and their little daughter, Velna, will motor to Cumberland tomorrow to attend the marriage of their son, Mr. Earl A. Price, and Miss Audrey Margaret Gear, daughter of Mr. and Mrs. J. A. Gear, Cumberland, which will take place in the United Church the same evening. Mr. Cyril Price, who will be his brother's best man, and Mrs. Price, will also leave tomorrow morning and all will return to Victoria on Sunday.

To Attend Wedding

Mrs. John Wallace will leave today for Duncan to attend the marriage of her son, Sub-Lieut. Lawrence Wallace, R.C.N.V.R., to Miss Lois Leeming, daughter of Mr. and Mrs. Arthur Leeming, which will take place at Duncan this evening. Other Victorians who will attend the wedding will be Mr. and Mrs. John G. Wallace and Mr. and Mrs. R. Wallace, with their daughter, Barbara.

Shower for Bride-to-Be

Miss Maymme Sullivan, whose marriage will take place on May 1, was the guest of honor at a "personal" shower on Tuesday evening at the home of Miss Gladys Tanner, 1160 Clovelly Terrace. The guests included Mrs. R. H. Pitzer, Mrs. J. W. Armstrong, Mrs. W. Chisholm, Mrs. C. B. Mess, Mrs. N. F. Tanner and Miss Grace Sluggett.

Entertains Club

Mrs. B. M. Clarke and Mrs. A. S. Denny were hostesses at a buffet supper party on Wednesday evening at Mrs. Denny's home on Crescent Road, when their guests were the members of the Soroptimist Club. After supper an informal evening was spent, the members busy with their war knitting.

Hostess at Tea

Mrs. Harry C. Briggs entertained at tea yesterday afternoon at her apartment in The Dorchester, Oak Bay, in honor of Mrs. H. A. T. Struthers, of Winnipeg, and her daughter, Mrs. M. Hunt, who is also here from Winnipeg. Mrs. Struthers and Mrs. Hunt will return to Winnipeg next week.

Farewell Tea

Mrs. W. W. Duncan entertained a few friends at tea yesterday at her home at Brentwood Bay in honor of Mrs. Harold B. Bate, who, with her daughters, Joan and Barbara, will leave next week to join her husband, Lieut. H. B. Bate, in Quebec City.

R. Wilgress, before returning to Victoria to join her husband, Sub.-Lieut. Terry Todd, R.C.N.V.R., and leave for Toronto, where Sub-Lieutenant Todd will take up his new duties.

WOMEN NEEDED TO FILL JOBS

Asked to Register to Replace Men in Essential Industries on Island

With some 200 jobs unfilled, many of them in essential industries, the labor shortage in Victoria is considered serious and likely to become acute within the next several months.

To aid in meeting the demand women capable of replacing men are being asked to register with the Employment and Claims office. Thus they will be available and on call to replace men when further vacancies occur.

The demand for workers on Vancouver Island is not confined to Victoria but exists in various cities and towns, according to C. A. Mudge, manager of the Unemployment Insurance Commission here.

DOMESTIC SERVICE NEED

With the exception of domestic service, which women are still slow to undertake, and in which about 100 vacancies exist in the city now, all jobs open to women so far have been filled.

"Women who register for positions formerly occupied by men should be physically strong and prepared to put up with the disadvantages of doing men's work. They must be willing to work at night and in industries not close to the downtown area," an official said.

Y.P.S. News

METROPOLITAN

On Tuesday evening the Metropolitan Y.P.U. devoted its meeting to the painting of the chairs of the Sunday school room. Following the work session, the members enjoyed a "bean feed" prepared by Doreen Tupman, leader of Group Two. The executive will meet at the church on Friday at 7:30 p.m., and bowling will be held at 9 o'clock. A social has been planned for next Tuesday at 8 p.m. Arthur Lees is in charge of arrangements. New members will be made welcome.

CHURCH UNION REHEARSAL

The Victoria Choral Union will hold its regular rehearsal this evening at 8:30 o'clock in the Memorial Hall. All members are urged to attend and new members are welcome. Old members having copies of Brahm's Requiem are asked to bring them.

P.-T.A. Activities

MARGARET JENKINS

Mrs. C. Shaw presided at the recent meeting of Margaret Jenkins Association held in the school auditorium, when a satisfactory treasurer's report was read and the recent concert given by the pupils and local artists was announced as a great success. Mrs. G. W. Pottinger and Mrs. C. Peters reported on the recent P.-T.A. convention in Vancouver. Donations were voted to the Queen Alexandra Solarium and for sports equipment for the school. Mrs. G. W. Pottinger was appointed safety officer, according to a letter read from the British Columbia Federation. Mrs. H. A. Beckwith, the speaker of the evening, chose as her subject "The Duties of Parent-Teacher Officers." It was announced during the meeting that an old-time dance would be held in the school early in May. The school sports day will be held on May 15. Mrs. F. Nattrass and her committee served refreshments.

OAKLANDS

An old-time dance will be held by the Oaklands Association in the school auditorium this evening from 9 to 1 a.m.

CEDAR HILL

Mrs. J. Kingscote reported on the forthcoming country fair to be held by the Cedar Hill P.-T.A. at Wednesday's meeting of the association, when Mrs. L. Brown, the president, was in the chair. It was requested that donations for the fair be sent in this morning. A letter was read from the Queen Alexandra Solarium, and a donation was voted to the institution. Mrs. R. McInnes, president of the Local Council of Women, will open the fair this afternoon at 2 o'clock. Mrs. Kingscote reported on the P.-T.A. convention held in Vancouver. It was announced that the Cedar Hill Association won the award for an increased membership. The president reported an oaken honor roll plaque had been presented by Mr. L. Scott to the school, and it would be hung in the hall.

SPECIAL MENTION

Mrs. H. G. Kennaird was given "special mention" for her luncheon table in Class "D" at the Decorated Tables Display at the Empress Hotel on Wednesday. An interesting arrangement of fruit and cactus as a centrepiece, with bright pottery on attractive homespun table mats, made a charming setting.

LONDON (CP)—Geoffrey Mander, Liberal M.P. for Wolverhampton, has been appointed Parliamentary Private Secretary to Sir Archibald Sinclair, Secretary of State for Air.

St. George's Day Tea Is Success

A successful St. George's Day tea and apron stall were held at Prince Robert House yesterday afternoon in aid of the Rainbow Sea Cadets, under the auspices of the Navy League of Canada. Mrs. R. Shanks, the president, welcomed the guests, and tea was served at small tables centred with primroses, tulips and narcissi. Mrs. L. A. Lucas was in charge of the tea tickets, and the tea convener was Mrs. C. Firewood, assisted by Mrs. L. Davis, Mrs. A. Stone, Mrs. L. Lamb and Mrs. J. Eade. The apron stall in charge of Mrs. J. G. Jones and Mrs. W. Spaven did a profitable business.

Talent Will Parade to Aid Solarium Children

April Shower of Dimes Campaign to Feature Sparkling Show at Shrine Auditorium Tonight—Crippled Kiddies to Benefit

By H. T. M.

Dimes! Dimes! Ring out ye merrie Dimes!

Tonight, at the Shrine Auditorium—a "Talent Contest" (super de luxe) as a climax to the April Shower of Dimes—and all for the wee bairns out at the Queen Alexandra Solarium.

Now a "Talent Contest" is—well why give out secret information? Suffice: a "Talent Contest" (and particularly this one) is a theatrical treat that even the most censurious of us can ill afford to miss. So, about it, all that you will knowledgeably acquire herewith is a mere innuendo that something really pert and effervescent by way of entertainment is yours to discover and enjoy tonight—and all for the tiny investment of a few tinkling Dimes—with three as the minimum, and of course with "the more the merrier" as the prescribed if paradoxically unlimited maximum.

In other words, no maximum! Because all those Dimes are for crippled children—the maimed and twisted little patients in the Solarium.

Pretty hard to refuse? Right. But very easy not to refuse? Right, again. So if ever you have an easy chance to be right in an unqualified degree . . . well, here we all are: tonight, at the Shrine Auditorium; with a fine show fronting us and the supporting thought that by our presence here, lame, hunched children may yet skip, light and free.

Now the show before you has emerged from the energies and connivings of the Solarium Junior League. Each year, those excellent young "Ladies of the League" (under the "Queen Beeship" of Mrs. Latay McCullough, I venture) contrive to put on a show, from which the proceeds are poured altruistically and immediately into the never (I fear) over-full coffers of the Solarium. They call it the "April Shower of Dimes," and offhand I'd hazard it as the one April shower in which most people would relish being saturated.

But, naturally, you now want to know just how about the show? . . . but, since secret inside information has already been refused, I'm afraid you'll just have to wait and grit your teeth 'til the curtain rises.

On the other hand, if you'll all swear to unconditionally surrender every Dime in your possession then you may as well know that you're due for an exquisite evening in the hands of "Local Talent" which has been "discovered" and then put to rigid practice and rehearsal, since the first of April.

In brief, you'll find baritones, tap dancers, sopranos, impersonators, comedians, choristers, bands—in fact all the song, dance, comedy, drama, etc., that is, or ever was analogous with Drury Lane or Roxy.

With guest artists, too . . . Sergeant Paul Michelin, entertainer and pianist (quality, super), and Bert White, Chinese impersonator, late of RKO, Famous Players and Keith Orpheum circuit.

In all, twenty-one contestants will sing, strut, prance or make faces at you tonight: they will be judged by Mrs. C. E. Wilson, Mrs. Grute Humphries, M. V. Chestnut (manager, CJVI), H. J. S. Reynolds and Fred McGregor.

Prizes are in War Savings Certificates to the tune of: First, $35; second, $15 and third, $10; with two door prizes and a raffle as the final bid for booty.

Out of the twenty-one contestants, the judges will have the hair-thinfining task of picking eight "Super-Supers" who will appear on Tuesday evening, April 28 (sometime before the last show) at the Capitol Theatre for further judgment by the audience, with an "applause meter" to tell the final tale—sorry or otherwise—for the competing eight.

It's going to be good—and remember, the small fun that is yours is merely a projection of something really great and spiritual—to witstout limbs and straight spines for the little fellows at the Solarium.

Tonight's the night. Be there.

ST. JOHN'S, COBBLE HILL

The regular meeting of St. John's Branch, Cobble Hill, was held in the parish room of the vicarage on Wednesday evening, with the president, Frances Moulton, in the chair. It was decided to make posters for the coming concert. Rev. E. M. Willis gave a short talk on "Post-War Reconstruction." Games were played and refreshments served.

CHRIST CHURCH CATHEDRAL

The Sunday evening "Fellowship Hour" was well attended by members and men of the forces. Singsong and trumpet solo were enjoyed by all, and the evening ended with the serving of cookies and coffee. The regular meeting opened Wednesday evening with the president, Stan Clarke, in the chair. After the reading of the minutes the regular business was discussed. Plans for the "Penny Fair" on May 16 are under way, and it promises an entertaining evening of fun and games for all. A report of the variety show proceeds was given but there are still some returns from tickets not collected. The concert was a success and praised by all who saw it. The committee thanked all those who helped. On Sunday evenings after the evening service, "Fellowship Hour" at the Memorial Hall, 912 Vancouver Street, will be held. Members of the forces will be welcome.

BLACKOUT SANDWICHES
Emergency Food For Hungry Families
ALL the family will praise your sandwiches if you will just avoid "flat taste" by the addition of H. P. Sauce. This is the secret to appetizing sandwiches.
"Blackout" Sandwiches are the latest wartime "newer". To make them, whip together ½ lb. of cream cheese with 1 tablespoon of H. P. Sauce and ½ tablespoon of horseradish; then sauté a 3½ oz. can of chipped beef and a tablespoon of butter until frizzled. Break up fine and add to cheese mixture. Spread on buttered brown bread.
H. P. is a fine old English type, thick, fruity sauce. It is economical because it is concentrated. Try it on meat, fish, fowl, salads, soups, stews, etc. You'll be surprised at the wonderful flavour it gives foods.

Channel Islands W.A.

The Women's Auxiliary to the British Columbia Channel Islands Society met on Wednesday in the Institute Rooms, 635 Fort Street. A donation of wool, received through Mrs. D. J. Mugford, was gratefully acknowledged. It was reported that two quilts were made and another was progressing. Plans were discussed for a court whist and bridge party to be held on Saturday, May 2, in the Institute Rooms. Prizes will be awarded and refreshments served. Donations of clothing and odd pieces of wool for quilts which are urgently needed will be received at the rooms, if the doners will telephone Mrs. D. J. Mugford, G 4853. It was decided to hold an extra meeting on May 6, when important business will be discussed.

Nurses Plan Rededication

It was announced at last evening's meeting of the Victoria Unit, Overseas Nursing Sisters' Association, that the executive of the Canadian Nurses' Association and of the Overseas Nursing Sisters' Association, had approved that a national Vesper service be held annually on the first Sunday in May. The service would be a rededication of nurses to nursing. The meeting was held at the home of Mrs. R. Thomson, Joan Crescent, with the president, Mrs. R. H. Harper, in the chair. In Victoria arrangements had been made for services to be held in the First United Church and St. Andrew's Cathedral on Sunday evening, May 10.

Reports showed that twenty maternity bundles had been completed and baby clothing had also been sent to the Red Cross. The sum of $50 was voted to the prisoners of war fund in Hongkong.

All graduate nurses attending the vesper services are asked to wear their graduation pins, and medals are also to be worn. The seventh biennial conference of the Canadian Nursing Sisters' Association will be held at the Windsor Hotel, Montreal, from June 22 to 24.

St. George's Day Luncheon Is Held

Due to war conditions, the Victoria Branch of the Royal Society of St. George did not celebrate St. George's Day in the usual manner by holding its annual banquet yesterday, but, instead, held a small luncheon in Spencer's dining-room, attended by members of the executive and a few friends, at which the president, R. Hayward, presided, assisted by the secretary, Mrs. Bertha Parsons. Letters from England and cards of greeting from various societies elsewhere were read, which showed the excellent and optimistic feeling of the people of Great Britain, in spite of the trials they are undergoing at this time.

Chinese Art Collection To Be Shown

Since the fabulous tales of Marco Polo in the fifteenth century, the Western world has been interested in the art treasures of the Chinese, but it is a curious fact that in spite of 400 years of direct trade with China, Europeans are only beginning to understand the nature of this art. There is probably no city in the Western Hemisphere where there are so many rare examples of Chinese are as in Victoria, and the committee in charge of the Victory Fair exhibit has had offers of more pieces of bronze casting, jade cutting, sculpture, painting and textiles.

A royal marriage canopy which was looted from a temple during the Boxer riots will provide the background for the display, and a huge bronze temple bell, which is at least 1,500 years old, will still sound its resonant note at the Victory Fair of 1942, to be held by the Women's Canadian Club on May 5 at the Crystal Garden.

Several interesting large bronze incense burners are being shown, as well as carvings in wood and ivory and Chinese paintings. Beautiful embroideries of many kinds will be on display, and gay Chinese dresses, one of which is a complete marriage costume, will be worn by the women in charge of the booth.

SOUTH AFRICA SPURNS VICHY

Continued from Page 1

March 11, disclaimed aims against the island only "so long as it does not become a danger to us in the Union."

Informed sources in London said tonight that since the new ascendancy of the pro-German Pierre Laval in Vichy, Governon Annet of Madagascar has intensified his acts against Free French sympathizers.

The island, fourth largest in the world, is only 240 miles from the mainland of Africa and about 800 miles from the important South African naval base of Durban. Its population of nearly 4,000,000 includes only 25,000 French.

WATCHFUL WAITING

There has been no change in London's attitude toward Madagascar, which is the same as that toward Vichy—watchful waiting.

South Africa's action leaves Canada as the only British Dominion maintaining diplomatic relations with the Vichy regime, and an External Affairs Department spokesman at Ottawa said that situation might be clarified by next week.

Although Free French quarters said they knew of no French naval vessels now at Madagascar, British reports last month said the French cruisers Gloire and Montcalm and three transports laden with troops had gone to Madagascar from Dakar.

All sources agreed that in any case the island would be easy prey for a well-planned invasion. Its regular army consists of about 1,500 Europeans and 3,700 natives.

PLANS MADE TO CARE FOR PUPILS

City Schools Well Organized, States Inspector A. H. Bishop—Rehearsals in Progress

In view of the number of enquiries received from parents concerning steps taken for the security of school children in the event of any air raid emergency, Inspector A. H. Bishop, Civilian Protection officer, yesterday issued the following statement:

"City schools are well organized to handle any situation which may arise during school hours. If a raid occurs during school hours without any warning whatsoever, teachers, trained in first aid, and with first-aid kits, will lead their own pupils to specific locations and remain in charge of them until the raid is over. Children will then be sent home as conditions warrant.

"It is regarded as improbable that planes will arrive over the city without some advanced warning.

"If advanced warning of an impending raid is given all children who can reach home before the raid begins will be sent home. Those children who cannot reach home in the time available will be cared for by teachers until the raid is over and then will be sent or taken home as the condition of the child makes necessary.

"A rehearsal of the time required for a child to reach home is in progress now, so that all teachers will have that knowledge ready in the event of a raid."

Flower Display Will Open Here This Afternoon

The Victoria Horticultural Society will open its annual Spring Flower Show at the Crystal Garden at 2 o'clock this afternoon, in aid of the Great Ormond Street Children's Hospital, London, to which the entire net profit from the display will be sent.

The display will open until 9 o'clock Saturday night, when most of the blooms will be sold at auction. Because so many Victorians are now cultivating Alpine gardens, the society has laid special emphasis on this section of the show, and it hopes to have on display many novelties which have not been seen here before.

Tulips, which are now in their prime, will be heavily featured in different classes, and many varieties, massed together, will be seen in the classes which call for collections.

Those who are planning improvements to their gardens will be able to see at the show the latest and best material for future planting. For over twenty years the Victoria Horticultural Society has carried on this educational work.

You'll never be satisfied with anything else once you see RINSO WHITENESS

THE wider your washing experience the more you'll be impressed by your first sight of Rinso-washed clothes. You'll agree, Rinso not only washes whiter, it gives the *whitest* wash. In fact, you'll say the only true standard of whiteness is Rinso whiteness!

Colored washables keep marvellously bright, too, with Rinso—even after dozens of launderings they're still bright—and fresh as new. Rinso helps to make *all* the clothes wear longer, you'll find, because its rich suds float dirt away without hard rubbing.

You've only to use Rinso once and you'll never again be satisfied with anything else. Order some for this coming washday. Get the GIANT package for extra economy.

SHIPPERS FAVOR MARKETING BOARD

KELOWNA, B.C., April 23 (CP).—A Royal Commission investigating the operation of various British Columbia marketing boards was told by L. R. Stephens, that "shippers generally are in favor of the operations of the (British Columbia Interior) Vegetable Marketing Board."

Stephens, shipper representative on the marketing board, said that "controlled marketing has brought stable prices for the shipper as well as the grower and less risks for the shipper. In addition in times of stress the shipper can throw the onus on the board when the growers complain."

MORE CONTROL

In reply to a question by the commission, Stephens said he was of the opinion that the provincial board might have been more active and exerted more control, particularly with reference to disputes between the Coast and Interior boards.

Judge A. M. Harper, commission chairman, commented "it might have served a useful function and served a useful purpose."

Stephens expressed opposition to a suggested merger of the Interior and Coast boards. He said he believed this would be "absolutely impractical" and pointed out that entirely different conditions prevail in the two areas.

George Jewell, secretary of the Interior Vegetable Board, also testified today at the opening of the commission hearings here.

Jewell said that copies of all orders are sent to all producers. His evidence in this regard evoked the comment from the commissioner that "the Coast might take a lesson from the Interior board."

BERLIN IS BOASTING

LONDON, April 23 (Thursday) (CP).—The Daily Mail's Stockholm correspondent reported today that in the face of the British commando raids on the continent Berlin is circulating the story that Britain will be attacked by Germany this Spring.

Berlin circles said it must be recalled that every Spring Hitler has removed dangers on the flank before striking with his main attack, and he will not allow an Anglo-American threat based in Britain to develop while his main armies are heavily engaged with Russia.

REVIEW BEEF PRICES

TORONTO, April 23 (CP).—Some action must be taken regarding beef prices within the next two weeks, Hon. J. G. Taggart, Dominion food controller, said following a meeting with producers. Such action, he indicated, probably would be to fix two schedules of prices, one for Winter indoor feeding conditions and the other for Summer pasturing conditions.

JAPANESE GET REAL POUNDING

Allies Dealing Out Heavy Blows to Enemy Forces Off Australia

ALLIED HEADQUARTERS IN AUSTRALIA, April 23 (CP).—The Japanese ranged off Australia are getting the worst of the fighting under the battering tactics of Gen. Douglas MacArthur, it was reported today as an Allied communique told of another strong blow against Japanese invasion forces.

"I batter them" is the best description of Gen. MacArthur's methods of aerial warfare, The Sydney Morning Herald declared.

Allied forces by that means regained the initiative in the New Guinea area, the paper added.

It was in New Guinea—at Port Moresby, which the Japanese want for an invasion base—that Allied fighter plane defenders shot down four Japanese "zero" fighters in a raid on the port area yesterday, a communique from Allied headquarters announced.

BRILLIANT DEFENCE

The communique said the Port Moresby defence was brilliant. The defenders lost no planes.

Ranging against the Japanese in New Britain, Allied planes were said to have caused numerous fires among wharves and buildings at Rabaul.

The Morning Herald said the Japanese have been pinned to their island bases north of Australia and "for the first time the enemy is getting the worst of the battering.

"We know from bitter experience what that means. Japan will be forced to dispatch many more aircraft to this distant region or decide whether the advanced positions are tenable.

"Without undue optimism this is a sign of Allied recovery at one point in the vast Pacific theatre and is the beginning of better things."

NO. 113—EIGHTY-FOURTH YEAR VICTORIA, BRITISH COLUMBIA, FRIDAY, APRIL 24, 1942

ART CHAPMAN SCORING STAR IN DOMINOES' WIN

Glancing Over Sport

By JOE DELAHUNTY

OFF TO MONTREAL

Dave Nicol and his gang of basketballers from Victoria are on their way to Montreal today to meet the Ollers in the final series for the Canadian senior hoop crown, following their neat victory over Winnipeg St. Andrews last night in the Manitoba city by a twelve-point margin. The Dominoes moved into an early lead, thanks to the first-quarter sniping of Art Chapman, and then were out in front at the half by seven points. However, the Winnipeg team shot the works in the third quarter and all but overcame the British Columbia representatives. St. Andrews drew within one basket of the Doms as the third period ended, but from then on it was a different story, as Dave's boys cut loose again and won the decision going away. Congratulations, boys, you have done a swell job so far; keep up the good work and you will return home with the national honors.

However, at the request of the Dominoes' directors, I am going to pick Montreal to win the title, but, of course, I wouldn't bet a single penny on their chances. If Victoria can accomplish the trick of capturing the Dominion title, it will be the first time in history that a local club has won on the road. All our Canadian triumphs have been right here at the Willows, the Blue Ribbons winning for the first time in 1932 and then they repeated a few seasons later. The Dominoes picked up their first championship in 1939 when they beat Windsor in the play-off at the Sports Centre. From what I can gather, the Montreal team is a smart ball club, but with Victoria's Busher Jackson off their line-up, they have lost plenty of scoring punch. Jackson was transferred to Trenton recently.

ODDS AND ENDS

One of the best senior baseball leagues in years will be in operation in this city this coming season if the advance reports from the various camps can be relied upon. Six clubs will go in search of the pennant and one of the closest races for a long time should be the result. One thing is certain, and that is the fans will be dished out more baseball than ever before. . . . There's still a strong possibility that the softballers will carry on this season. Officials are now busy rounding out a circuit so the followers of the "big apple" game can enjoy their sport during the Summer months. . . . Patage is the property of a local owner and not a Vancouver man as I stated in this column the other morning. It is one British Columbia horse which should win his share of purses on the Prairies, starting next month in Calgary. . . . Met a chap the other day and he told me that he has bet $30 on Bless Me to win the Kentucky Derby at odds of 8 to 1, the Winter book figures. He said that the horse has a good chance to finish on top, especially if the track is a little heavy. . . . The largest crowd ever to be packed into the Maple Leaf Garden at Toronto was not the 16,218 that Foster Hewitt gave out last Saturday night, but something like 22,000, which jammed the arena during one of the games when the Oshawa Generals won the Memorial Cup a few years ago. . . . Ed Dudley, veteran American golf professional, always had tough luck in the big tournaments in which he competed. Well, he ran into more the other evening in Philadelphia when his brother pros threw a dinner for him. Someone who didn't have the best interests of golf at heart swiped the front wheels from his car. . . . Since he quit baseball, Hack Wilson, stocky and former home run king of the National League, has lost close to twenty-five pounds. Hack nearly equaled Babe Ruth's all-time record during his best season with the Cubs.

SOME SPORTS GOSSIP

Now that the town is basketball conscious, wouldn't it be great if we could assemble a team of former members of the Blue Ribbons and Dominoes. Just imagine a squad with Art and Chuck Chapman, Lynn and Murray Patrick, "Porky" Andrews, Doug Peden, Hank Rowe, "Red" Martin, Ollie Goldsmith, Ritchie Nicol and Norm Baker on the line-up. It would take a mighty strong team to turn back that bunch of basketballers. . . . As far as I can learn, the only two local football clubs which will be gunning for the Province Cup this year are the Victoria Machinery Depot and Victoria United. The latter eleven would like to have Gordie Bell patrolling the right wing for them, but he says no more soccer for him this season. There is a possibility that the United Services may enter the competition, but nothing definite has been reported from their camp yet. . . . The best nine holes of golf ever heard of in British Columbia was made by Brian Hopkins, of Vancouver, a few years ago when he toured the first nine at Marine Drive in twenty-seven. He had seven birdies, an eagle and one par. He came back in thirty-four to finish the round in sixty-one, eleven under par. . . . If the Cincy Reds keep going the way they are, they will wind up in the National League cellar. Bill McKechnie will have to shake up that line-up if he expects to find a winning combination. Even his ace pitchers are letting him down something awful. . . . Remember when Hal Beasley went to Winnipeg in 1909 to compete in the Canadian track and field championships? He returned home with the 100, 220, 440 and broad jump national junior championships, one of the finest achievements any Victorian produced away from home. Three years later Hal was a member of Canada's team at the Olympic Games in Stockholm.

Match Play Will Open at Oak Bay

Match-play will open in the men's championship of the Victoria Golf Club net Sunday morning. Walter Newcombe and Jim Squire, the co-medallists, will take on Arthur Musgrave and A. B. Carter, respectively.

Draw follows:

9:30—Walter Newcombe vs. A. S. G. Musgrave.

9:35—E. S. Horseman vs. H. J. Davis.

9:40—W. P. Bowden vs. H. A. Tomalin.

10:05—L. S. V. York vs. H. F. Hepburn.

SOFTBALL WORKOUT

Dockyard softball team will hold a workout at Victoria West Park, Sunday morning, at 10:30 o'clock. All last year's players and others interested are invited to attend.

BOXLA NIGHTS ARE ANNOUNCED

Victoria Squads Will Play Three Games Weekly at The Sports Centre

Until such times as the executive feels that the local clubs are ready to meet Mainland opposition in inter-city boxla fixtures at the Victoria Sports Centre, senior clubs of the Greater Victoria Boxla Association will play three nights weekly at the Willows. That was the decision reached at a meeting of the executive yesterday in The Colonist board room.

Managers of the five clubs were canvassed before the decision was reached, and the majority of them were quite prepared to leave the matter with the executive board. With five teams in the senior circuit and all of them anxious to play at least one game a week, the officials decided to give the three-night plan a month's trial. Games will be played at the Sports Centre on Tuesdays, Thursdays and Saturdays.

The official opening of the 1942 season will still be staged on Friday, May 8, when James Bay, last season's provincial champions, will take the floor against the strong United Services squad. Suitable opening night ceremonies, details of which will be announced later, will precede the senior game.

Pre-season training sessions have been in full swing at the Sports Centre for the past two weeks, with all the clubs having good turnouts. Indications point to a fairly balanced set-up for the coming season, with the United Services being conceded a slight edge.

GONZALES TENNIS

The annual meeting of the Gonzales Tennis Club was held recently in the Pemberton Building, when plans for the coming season were laid. It was announced that the courts will be open for play on Saturday, May 23.

Officers elected for the 1942 season are as follows: President, L. A. Austin-Leigh; vice-president, Major J. C. Macdonald; secretary-treasurer, C. G. Bateman. Members of the general committee are: J. C. Hazelwood, Stanley Holmes, G. N. Worsley, S. D. Markham, A. Maclean and D. Hagar.

OAKLANDS TO TRAIN

Members of the Oaklands lacrosse team are reminded that the club will hold another workout this evening at the Sports Centre at 8 o'clock.

BOXLA WORKOUT

Jokers will hold a boxla workout this evening at the Sports Centre at 7 o'clock. All players are requested to attend.

Yankees Winning From the Senators

Charley Keller, Yankee Rightfielder, Is Safe at First in the Second Inning of the Game Between the Washington Nationals and the New York Yankees. Jim Vernon, Nats' First Baseman, Stretches for the Catch. The Yankees took the opener, 7-0.

Cup Final Will Be Staged Here At Athletic Park

Victoria Machinery Depot to Meet United Services In Jackson Cup Series Tomorrow Afternoon—Closely Fought Match Is Predicted—Magistrate Henry Hall to Present Trophy at Conclusion

Prized trophy in local soccer circles, the Jackson Cup, emblematic of city supremacy, will be at stake tomorrow afternoon at Royal Athletic Park when United Services and V.M.D. hook up in the final match of the annual competition. Generally conceded to be the classic of play here, the match will get under way at 2:45 o'clock. Dave McMillan will handle the whistle.

Tomorrow's match will be the third meeting of the combined services and the shipyard footballers, and already members of the services are conceding their favorites an edge over "Jock" McColl's smooth-functioning V.M.D. footballers.

Captain "Pat" Carey, manager of the Army soccer team, and one of the members of the board of strategy for the United Services eleven, is looking forward to the cup final with more than usual interest. The genial army officer, while not a student of numeralogy, is confident "three" will prove lucky for the servicemen.

BOYS CONFIDENT

Discussing the probable outcome of the match, Captain Carey readily admitted that the shipyard workers have a swell club and play good football. "But," he stated, "our boys are a much-improved squad, and I look for them to upset the V.M.D. tomorrow. However, regardless of the outcome, Victoria soccer fans should witness a great game," he concluded.

"Jock" McColl, the cagey Caledonian who has charge of the managerial reins in the V.M.D. soccer camp, would not venture a prediction when questioned for an opinion on the outcome of the game. "We have played the United Services twice and they have given us some grand opposition, and we look for the same kind of opposition in the Jackson Cup final," he said as he walked away, perhaps to study his strategy for the game.

It is a known fact, however, that McColl wants to win the Jackson Cup more than anything else. He probably feels that victory will keep some of his friends from continually "ribbing" him about his all-star club, and that's something they have been doing all season.

One thing is certain, canny "Jock" McColl is going to have his strongest available line-up in uniform tomorrow, and if it should so happen that the shipyard workers fail to lift the Jackson Cup it will not be from the lack of trying.

In the United Services camp everything is rosy, and with all of the players ready to go all out for victory the shipyard boys will probably have a very busy afternoon. The Services team, chosen from the Royal Canadian Navy, Royal Air Force and Army, was announced yesterday as follows: Woodbridge, R.A.F.; Pearce, Army; Gavin, Army; J. Kennedy, R.C.N.; Hurd, R.A.F.; Hughes, R.A.F.; Huggins, R.A.F.; Hippenstall, R.A.F.; Hall, R.A.F.; Mundie, R.A.F.; M. Speller, Army. Subs: Chapman, R.A.F.; Carmichael, Army, and Clenaic, Army.

Magistrate Henry C. Hall, former president of the Victoria and District Football League, will present the Jackson Cup to the winner immediately following the match.

FINAL GAME ON SATURDAY

Port Arthur Bearcats and Ottawa Flyers All Set For Last Tussle

TORONTO, April 23 (CP).—Ottawa R.C.A.F. Flyers and Port Arthur Bearcats rested tonight after an idle day, and prospects were they would not even skate again until late tomorrow.

Both coaches—Hugh O'Leary, of Port Arthur, and Bill Touhey, of Ottawa—were silent on any strategy they may have dreamed up for the fifth and deciding game of the best-of-five series for the Allan Cup here Saturday night.

Even the lightest of workouts was banned today because the ice was taken out of Maple Leaf Gardens for a wrestling show to be held tonight. The ice will be put back tomorrow.

The clubs are just about as even as is possible in hockey. Each has won two games, and each has one slightly-injured player. Pickles MacNichol, of the Flyers, had badly bruised ribs from smashing into the Port Arthur goal in the last minute of play as Bearcats took the fourth game of the series here last night. Bud Poile, of Port Arthur, has a charley horse and is in hospital.

MacNichol was taken to a doctor today and was told he likely would be in shape to play Saturday, although perhaps taping of the injured ribs will be necessary. O'Leary sent Poile to a hospital bed for constant rest and frequent heat treatments for his charley horse, and the rookie winger also is expected to be in action for the fifth game.

TO PRESENT CUP

The cup donated by the Victoria Development Association for the city chess championship will be presented to F. W. Plant, 1942 champion, this evening at the City Chess Club headquarters, 1118 Langley Street. The presentation will be made by E. Baines Lewis, club president.

A series of novelty matches has been arranged by the members. Anyone interested in the game is invited to attend.

LAWN BOWLING

The Canadian Pacific Lawn Bowling Club will usher in the 1942 season tomorrow afternoon on their greens at the Crystal Garden. Mixed rinks will be played and afternoon tea served.

GIVES SENSATIONAL SCORING DISPLAY AS VICTORIA TRIUMPHS

Veteran Tip-Off Ace Bags Twenty-Six Points as Manager Nicol's Squad Whips Winnipeg St. Andrews in Western Canada Basketball Final—Team Is Off for Montreal

WINNIPEG, April 23 (CP).—Art Chapman, six-foot-three veteran, put on a spectacular one-hand throwing exhibition here tonight to score twenty-six points as his Victoria Dominoes won their fifth Western Canada men's senior basketball championship in nine years, defeating Winnipeg St. Andrews, 46-34. Dominion champions in 1939, the Dominoes will entrain tomorrow for Montreal to meet Montreal Ollers in the national final.

ART CHAPMAN

Displaying superb free-shot marksmanship in the first and third games, the British Columbia champions took the series 2-1 as they swept the perennial Manitoba titlists aside. They won the opener, 43-39, and lost the second by the same score.

Chapman and forward mates, Jack Mottishaw and Norm Baker, notched all but four points as Dominoes played soundly in their defensive zone and outmanoeuvred their speedy opponents on the offensive. The Andies, having an edge in floor play in the second and third quarters were generally forced to shoot from outside the foul line.

Dominoes went into the lead at the start, finished the first quarter ahead 9-4, and the second out in front 19-12.

CLOSES THE GAP

In a burst of speed the Manitobans fought back to move within a point of their opposition twice in the third quarter, which ended 29-27 for Dominoes, and then deadlocked the count 29-29 before the Victoria players pulled away.

Reg Threlfall, coach of the Andies, said his players had "nothing left" for a closing drive after their great rally.

Baker was a marked man throughout and he never broke loose to score a basket, but he made all six free throws. Mottishaw finished off plays for five baskets, ten points, while Chuck Chapman, brother of the star, and Dave McBeth, making his first appearance in the series, got two points apiece.

Harold Brook, a tireless working guard, showed fine accuracy for five baskets to lead the Andies with ten points.

The British Columbians scored on fourteen free throws in twenty-one tries against only eight points collected in eighteen shots made by St. Andrews.

Ches McCance, right forward of the Winnipeg quintette went out of the game at the start of the fourth quarter on personal fouls. Dominoes lost Baker in the final minute for the same reason.

SPORT SHORTS FROM BRITAIN

Vic Oliver Neither Wagers on Nor Sees His Horses Run in England

By ALLAN NICKELSON
Canadian Press Staff Writer

LONDON, April 23 (CP). — Sport shorts from Britain:

Vic Oliver, actor son-in-law of Prime Minister Churchill, must be the most unusual race horse owner in the Empire. He neither wagers nor sees his horses run.

"Horses are my hobby," he says. "I don't believe in betting and I've been unable to see my string run because I've been in shows continuously for more than three years in London. There have been no afternoons to spare."

When he does manage to sneak a week-end at his stable near Lambourn, he's in the saddle at the crack of dawn, riding in the gallops. His wife the former Sarah Churchill, is not a close follower of the turf but is a good rider, "particularly with jumpers," says Oliver.

Probably the hardest hit by war casualties of all British Rugby football teams is the Bedford club. Of the backs who played in the club's last match before the war, four have been killed on active service, another is a prisoner of war in Italy and a sixth suffered such injuries in a plane crash he never will play again.

A boxing boom is sweeping the Welsh valleys, comparable to the halcyon days of Cardiff's Jimmy Wilde. After dog racing, fight cards draw the biggest gates. So great is the enthusiasm that a promoter is considering signing Tonypandy's Tommy Farr, who has been shouting about a comeback, for a bout against an opponent not yet selected.

Nurse (suspiciously): "What have you been doing, Joan?"

Joan: "Rover's eaten my dolly's slippers, so I've been punishing him."

"How?"

"I've been to the kennel and drinked his milk."

Dog Fanciers Will Assist Drive for A.R.P. Funds Here

WITH the net proceeds going to the local A.R.P. fund, the Vancouver Island Dog Fanciers' Association will stage an all-breeds championship dog show at the Crystal Garden on Saturday, May 30. The event promises to be one of the largest ever planned by the V.I.D.F.A. and should attract the cream of Pacific Coast fanciers. The committee is at present in communication with one of the leading adjudicators in North America and feel confident they will be successful in landing his services as judge of all breeds. The show will be staged under Canadian Kennel Club rules.

Spring Flower Show, this afternoon, evening, all Saturday, Crystal Garden.

Mrs. Lawson and Mary Young Will Play for Honors

MRS. Ken Lawson and Mary Young will meet this afternoon over the eighteen-hole route for the women's championship of the Uplands Golf Club. They will tee off at 1:30. In the semi-finals played at the course yesterday, Mrs. Lawson won from Mrs. Piercy, the lady who turned the tournament upside down when she eliminated Mrs. E. Jackson, defending titleholder and medal winner, in the first round, 2 and 1, while Miss Young accounted for Betty Ellis, 3 and 1. In the first flight semis, Mrs. Jackson beat Mrs. Smith, 5 and 4, and Mrs. Horsford trimmed Mrs. Boyd, 7 and 6. Mrs. Dawson and Mrs. Ley reached the second flight final by winning from Eileen Pendray and Mrs. Fletcher, 5 and 3 and one up, respectively. Mrs. Shore downed Mrs. Robinson, one up, and Mrs. Waller beat Mrs. Hibberson on the twentieth green. Players in the various flights are asked to arrange their own starting times.

Cleveland Squad Rallies to Whip St. Louis Browns

Stages Comeback in Last Two Innings to Turn Back Pennant Contenders, 9-2—Yankees Trim Athletics for Third Time—Giants, Dodgers, Cincinnati and Cubs Chalk Up Victories

(By The Canadian Press)

Cleveland's Indians smashed through St. Louis Browns' defences in the eighth and ninth innings yesterday for a 9-2 American League victory.

Ken Keltner's homer started the drive after two were out in the eighth and broke a 2-2 tie. Walt Judnich's fumble of Jeff Heath's single allowed the Indian to reach second; Les Fleming was passed intentionally to set up a double play. Then Chet Laabs in right field dropped Lou Boudreau's fly and two more runs scored.

Washington Senators connected for hits when they were needed to rout Boston, 10-5, and drop the Red Sox out of a first-place tie with New York Yankees in the American League. Each team got thirteen hits.

Philadelphia Athletics observed the birthday of William Shakespeare with their own "comedy of errors," making six fielding miscues, and in the final act handed New York Yankees a 6-4 American League victory.

The world champions had to use four pitchers and had to come from behind with a three-run rally in the eighth on one hit, a single by Joe Gordon with the bases loaded.

Rookie Hal White, of Detroit Tigers, pitched his second successive American League victory by limiting Chicago White Sox to five scattered hits for a 9-0 triumph. The twenty-three-year-old right-hander permitted no Chicagoan to reach third base. Ned Harris got his second home run of the season.

GIANTS COME THROUGH

For the second straight day New York Giants made their hits in timely clusters and beat the Phils, 5-2.

The Giants linked a single by Bill Jurges and a double by Willard Marshall with a walk and two errors for a pair of runs in the first inning and went on from there.

Casey Stengel shook up his lineup but the strategy proved futile as Boston Braves blew a 9-5 decision to Brooklyn Dodgers for the National League champions' fifth straight victory and Boston's sixth successive defeat.

The game was a ragged affair with each team making ten hits and Boston making three errors and using four pitchers to Brooklyn's three.

Breaking loose with their biggest rally of the National League season, a five-run surge in the seventh inning, Cincinnati Reds set back Pittsburgh, 5-3, and gave Johnny Vander Meer his first victory of the year.

Lou Novikoff opened Chicago's sixth inning with a home run today to bring the Cubs a 3-1 decision over St. Louis Cardinals.

Novikoff's homer enabled Pitcher Bill Lee to forge his second victory of the National League season.

Bless Me Beaten In $10,000 Race At Keeneland Pk.

LEXINGTON, Ky., April 23 (AP).—Col. E. R. Bradley's Bless Me virtually faded out of the Kentucky Derby picture today by losing a three and one-half length decision to Mrs. Payne Whitney's Shut Out in the $10,000 Added Blue Grass Stakes, featured event of Keeneland's Spring meeting finale.

The victory helped solve any disappointment Mrs. Whitney experienced when the No. 1 Derby contender from her Greentree Stable, Devil Rider, had to be scratched from the Blue Grass because of a leg injury he suffered last night.

His failure to start left only three horses in the race. Hal Price Headley's Equanox never was a contender, finishing three and one-half lengths behind Bless Me. Shut Out's time was 1:52 2-5 on a fast track.

Supporters of Shut Out, a son of the famed Equipoise, were rewarded with $4.80 in the $2 mutuels. There was no place or show betting.

ROBERT YOUNG ON DOMINION SCREEN

"H. M. Pulham, Esq." Based on Best-Selling Novel—Hedy Lamarr and Ruth Hussey Star

"H. M. Pulham, Esq." based on J. P. Marquand's best-selling novel, will open today at the Dominion Theatre, where its principal characters are enacted by Hedy Lamarr, Robert Young and Ruth Hussey.

Miss Lamarr plays the one great love in the life of Harry Pulham, played by Robert Young in the screen translation of the novel.

Ruth Hussey plays the Boston girl Pulham eventually marries when he settles down into a routined creature of habit and tradition.

Van Heflin plays his friend and confidant, Bill King. Charles Coburn his father, Fay Holden his mother and Bonita Granville his sister.

AMUSEMENTS

On the Screen

Atlas — "49th Parallel," with Raymond Massey and Laurence Olivier.

Cadet — Charles Boyer and Olivia de Havilland in "Hold Back the Dawn."

Capitol—Spencer Tracy and Katharine Hepburn in "Woman of the Year."

Dominion — "H. M. Pullen, Esq." with Robert Young and Hedy Lamarr.

Oak Bay and Plaza—Charlie Chaplin in "The Gold Rush."

Rio — Pat O'Brien and Constance Bennett in "Submarine Zone."

York—Merle Oberon and Alan Marshall in "Lydia."

RIO THEATRE The exposure and arrest of a daring counterfeit ring, and the spectacular rescue of a government engraver whom the gang has kidnapped, are the exciting feats accomplished by Tim Holt in his new outdoor drama, "Dude Cowboy," now showing at the Rio Theatre.

YORK THEATRE Director Julien Duvivier gave Hollywood something new in camera technique when he called for a "waltzing camera" shot during the filming of a ballroom sequence in Alexander Korda's "Lydia," now at the York Theatre. The cameraman actually stepped onto the dance floor and waltzed among the 300 dancers while he photographed them.

OAK BAY AND PLAZA THEATRES The famed Chilkoot Pass, the gunsight notch through which gold-seekers passed in the mad rush to the Klondike, is most realistically presented in Charlie Chaplin's great comedy-drama, "The Gold Rush," now showing at the Oak Bay and Plaza Theatres. The panorama of the pass was filmed near the summit of the high Sierras at an elevation of 9,850 feet.

ATLAS THEATRE All exterior shots taken in "49th Parallel," now showing at the Atlas Theatre are authentic. Each one was taken at the very spot designated in the script. About ten thousand Canadians from every part of the Dominion took part in the picture, including the R.C.M.P., the Navy, C.A.S.F. unit, the R.C.A.F., air line and railroad officials.

CADET THEATRE "Hold Back the Dawn," now showing at the Cadet Theatre, brings to the screen one of the most unusual stories in many a moon. Boyer, a cynical, unscrupulous, handsome heel, is a European emigre with a talent for fleecing wealthy women. Stuck for an indefinite period in a sleepy Mexican border town, he has to meet, woo and wed an American girl in order to get into the United States.

CAPITOL THEATRE Greek, Italian, French, Spanish, Hindu, Russian and the King's English were all spoken fluently on the set of "Woman of the Year," the Katharine Hepburn-Spencer Tracy film now at the Capitol Theatre. The scene was a Continental party and different nationalities were speaking their native tongue.

QUITE TRUE

Tom had just put one over on Jim. The latter, out to even things, leant across the table to ask, with a grin:

"Do you know that of the 50,000 people in this town, three-fourths are clergymen?"

"Rot," snapped Jim.

"It's true. The Rev. Fourth and his two parson sons!"

HOLD ORANGE PARADE

TORONTO, April 22 (CP). — Toronto's famed 12th of July Orange parade, a feature for more than a century, will be held this year as usual, County Orange Lodge decided tonight after it was reported earlier the event might be canceled because the Canadian National Exhibition grounds won't be available for the customary post-parade ceremonies. As July 12 falls on Sunday the march will be held July 11.

SELF-DENIAL

A Scottish church held a self-denial week. At the end of the week, one of the members handed over a donation of 5s 3d, all in threepenny pieces.

"Tell me, Jock," said the parson, "how is it your contribution is in threepenny bits?"

"Well, ye see, sir, it's my custom to have three whiskies and sodas every day, but as we were holding a self-denial week I felt I must give up something." Then, nodding towards the small coins: "These are the sodas, sir."

Market Again in Gloomy Mood On Wall Street

NEW YORK, April 23 (AP).—Price-freezing and tax gloom enveloped Wall Street today as the stock market resumed its long decline after a few rallying sessions.

The slide was broad and fairly steep for many of the leaders. Closing losses generally ranged from fractions to more than twenty points. Many new loans for the last year or more were established.

Penetrating last Friday's bottom range The Associated Press sixty-stock composite dropped .8 of a point to the lowest since April 28, 1933. It closed at 32.5.

Share dealings totaled 429,473 shares compared with 257,930 yesterday.

Emphasizing the market's one-sided character, there were only eighty-two advances against 494 declines. There were 161 issues unchanged.

Among the leaders reaching new low territory for a year or longer were American Telephone, United States Steel, Boeing, Douglas, United Aircraft, Glenn Martin, Sperry, American Telephone, Anaconda, Kennecott, Eastman Kodak and Standard Oil (N.J.). Giving up one to two or more points were Bethlehem Steel, General Motors, Chrysler, Sears Roebuck, Harvester, American Can, Westinghouse, Dupont, Allied Chemical, Johns-Manville and Philip Morris. Rails had fractional losses with the widest in Santa Fe and Chesapeake & Ohio.

DOW JONES' AVERAGES

Dow Jones' averages closed as follows:

Thirty industrials, 94.98, off 2.22.

Twenty rails, 24.03, off .42.

Fifteen utilities, 10.70, off .17.

Total sales, 429,000 shares.

RECTAL SORENESS AND PILE TORTURE QUICKLY RELIEVED

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting the condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once.

For this purpose get a package of Hem-Roid from Modern Pharmacy or Cunningham Drug Stores, or any druggist, and use as directed. This formula, which is used internally, is a small, easy to take tablet, will quickly relieve the itching and soreness and aid in healing the sore, tender tissue. Hem-Roid is pleasant to use, is highly recommended, and it seems the height of folly for anyone to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost.

If you try Hem-Roid and are not entirely pleased with the results, your druggist will gladly return your money. (Advt.)

Activity Lessens With Prices Unchanged on Vancouver Exchange

What Today Means

"TAURUS"

If April 24 is your birthday, the best hours for you on this date are from 9 to 11 a.m., from 3 to 5 p.m., and from 9 to 11 p.m. The danger periods are from 7 to 9 a.m., from 7 to 9 p.m., and from 11 p.m. until midnight.

Personal peculiarities are apt to crop out on April 24, unless serious efforts are made to keep them under control. The average person's proclivity to nibble between meals probably will cause many housewives to become exasperated over the lack of appetite displayed at mealtimes for the dishes she has prepared, so be careful that you are not among those responsible for love's labor being lost. Try to keep cool under all conditions, for excitement will cause confusion and an endless amount of trouble. Married and engaged couples, and those with whose hearts cupid has been tampering, will do well to realize that questioning seldom is a popular form of conversation, especially if it is conducted along too personal lines.

If you are a woman and April 24 is your birthday, you probably have little patience with slovenly people or with anyone who displays laziness. You may have to watch a tendency to want to dominate other people, for if you give into it too much it may cause you a great deal of unhappiness. Never give jealousy a chance to enter into your life, if you wish to have peace of mind and a happy future. Sound reasoning power should result invariably in your logical conclusions, so always think things over carefully before making decisions. As a secretary, librarian, scientific research worker, writer, singer, musician or instructress, success should crown your efforts. The soundness of your judgment is apt to be reflected in your selection of a lifetime mate.

The child born on April 24 must be handled with care, for too much discipline can break his spirit and lack of a proper amount of it can prove harmful. Seek out the talent in this youngster and on discovering it see that it is developed. A successful and happy future can be forecast for this youngster.

If you are a man and April 24 is your natal day, excessive self-confidence sometimes can be more harmful than a lack of it, so do not let yours run away with you. If you must, at times, let your thoughts go soaring into the clouds, be sure to keep your feet planted firmly on the ground. As an architect, promoter, contractor, manufacturer, military man, naval officer, aviator, skilled mechanic, journalist, author or actor, fame and fortune may be yours.

C.N.R. REVENUES

MONTREAL, April 23 (CP). — Canadian National Railways reports gross revenue of $6,333,000 for the week ending April 21, an increase of $536,000 over the corresponding 1941 total of $5,797,000.

According to Culbertson

A short trump suit should be conserved as much as possible, but not to the point of "surrender." Note today's deal.

The bidding:

West	North	East	South
1 ♥	Double	2 ♥	2 ♠
Pass	4 ♠ (final bid)		

Actually, the best contract for North-South was five clubs, but this would have been difficult to reach by logical methods. Surely, South's two spade bid was correct, and when this reached North, the latter could not be expected to assume that South was bidding on a four card suit. The five honor tricks in the North hand, and lack of a heart stopper, made his jump to game in spades the most attractive action.

West opened the heart king and continued with the ace. South saw that he could not afford to discard on this trick because he would surely have to lose a diamond and club. Hence, although he was eager to preserve his trump length, he had to ruff. Now things did not look so good. It would be necessary to clear the club suit, and the opponents probably would lead another heart, forcing South again, and reducing him to two trumps. In sight were only eight top tricks, with the ninth possibly to be gained from a 3-2 club break. The tenth trick could not be obtained through ruffing South's fourth diamond with the trump ace because, if that plan were used, both dummy and South would be down to two trumps and the defenders would have at least one trump trick.

There was one possible ray of hope, and declarer promptly seized upon it. After ruffing the second heart, he led three rounds of clubs. West took the third and continued with hearts. South again ruffing. Now declarer had to stake everything on finding a 3-3 break of trumps. He cashed the king and queen, then entered dummy with a diamond, and led the trump ace. To his great satisfaction, both opponents followed. This bit of luck permitted the declarer to cash the established fourth club for the fulfilling trick.

CHAPTER XXII

"That is not the chance."

"What chance?"

"It is not a chance to be the truth, what he tells me."

"No, probably not. But Dickson, now, Dickson might know."

"Might he?"

"You boneshead! You know he might. Has he told you nothing?"

"Nothing. I would not allow."

"Look here, my man, you are laying up trouble for yourself. Don't you know that by holding back like this you may be arrested and made to talk?"

"When one know nothing, all talk empty sound."

"You exasperate me!"

"I tell you maybe, who killed lovely lady?"

"Yes, you might tell me that." Raynor's hopes were dashed.

"Well, then I tell you it was the deep, the wise Linda."

"Linda? Kill her mistress! No, no, Foo Chow."

"But it has to be Linda. She, you see, would marry with Dickson. They are bethrothed. But they are of an ambition. They want to live rich. Now, with Mrs. McCleod dead, Linda will get enormous sum of money, and she and her Dickson will live happy ever after."

"After she has committed murder? Oh, no, Chow, she couldn't do that!"

"Murder have no heart, no remorse."

"Oh, nonsense! It wasn't Linda."

"But Dickson, he think it Linda."

"No, he doesn't; he can't."

"You ask him, Mr. Polisman; You ask him! He will not say 'Yes, my Linda, she is murderer!' But you will know. His eye will droop, his lip will shudder, he will melt away. You will know, then."

"Go away, Foo Chow. You've said enough. Don't you dare say this to anyone else! Underatand?"

"You exasperate me, sir. Yes, I understand. I will obey."

Raynor waved his hand. He thought over what he had heard and sent for Dickson.

"You busy, Dickson?" he asked when the valet came in.

"I am at your service, Captain Raynor."

NOVIKOFF BACK IN THE MAJORS

Manager Jimmy Wilson Has Hopes That Big Russian Will Make the Grade

PITTSBURGH, April 23 (AP).—Lou Novikoff, last year's prize bust, is back for another whack at baseball's big show and Manager Jimmy Wilson thinks he may make good this time because the publicity heat is off.

Lou came up from the Pacific Coast League to Chicago Cubs last year under one of the heaviest deluges of superlatives ever showered on an untested major league rookie.

After hitting only .241 in sixty-two games for the Cubs last year, Novikoff was farmed out to Milwaukee in the American Association. There he tore the league's pitchers apart and scattered the seams everywhere, leading the league with a gaudy .370 average in ninety games.

In his second try with the Cubs, Lou, a righthand hitter, has only four hits in fourteen trips for a .285 average—but the season has barely drawn its first breath and the modest start may help Novikoff, Wilson thinks.

First Tramp: I lost a quarter today, Bill.

Second Tramp: How? Hole in your pocket?

First Tramp: No, the chap who dropped it heard it fall.

OFFICERS NAMED BY TENNIS CLUB

The annual general meeting of the B.C. Electric Tennis Club was held recently at Cranleigh House. The following officers were elected for the 1942 season: Honorary president, A. T. Goward; president, C. T. Teasdale; vice-president, R. B. Mathews; secretary, Miss I. M. Hill; treasurer, Miss M. Finch; Mrs. R. B. Mathews, Mrs. F. Boughey, Mrs. R. McConnan, C. V. Milton, F. Boughey and A. R. Taylor were elected to the executive committee.

Plans for the coming season were discussed and arrangements made for the season's official opening on Saturday afternoon, when all friends of the club and prospective members are cordially invited to attend.

SPORTS TO BE HIT THIS YEAR

Rationing of Equipment and Gasoline to Hurt Various Athletic Events

NEW YORK, April 23 (AP).—Sport in the United States found itself in a tough spot today with priorities cutting in on its athletic equipment and gasoline rationing threatening its supply of cash customers.

Sports authorities knew they were going to have a headache with balls and bats and clubs and such becoming hard to get. Now comes the proposed gas cut and officials of various activities saw the possibility this would tend to keep fans from seeing the athletes perform.

There were a few rays of light. For instance, Ford Frick, National Baseball League president, figured gas rationing would help baseball in some towns, particularly in New York, because "the fans who might ordinarily take week-end automobile trips are more likely to stay in the city and take a trolley or a subway to the ball parks."

But the officials of golf, particularly the private clubs, and racing saw their sports in for a blow until things settle down and are worked out.

Boxing, already hard-put for talent because of several enlistments, saw a threat to activities in small clubs. This was so because in many cases it has been the custom for two or three fighters, going from one town to another for matches, to join forces in one automobile.

Launches Protest

WASHINGTON, April 23 (AP).—Representative Donald O'Toole (Dem., N.Y.) protested in the House of Representatives today against the employment of baseball players and "punch-drunk" fighters in "soft berths" at army and navy training centres as athletic instructors.

"It is done in the name of morale, but whose morale?" he asked. "The morale of these professional athletes themselves, who are determined that they shall serve without the dirt, grime, and discomfort of other men who have given themselves unselfishly."

The New Yorker said he was not criticizing the efforts of Lt.-Cmdr. Gene Tunney, who is in charge of physical training for the navy, "but I do criticize the system that has caused many boys in all branches of the service from my district to write me and ask 'how come'."

BOXING MEETING SET

An important meeting of all local boxers will be held in the Victoria Athletic and Hobby Club on Sunday evening at 7:30. Everybody interested is asked to attend.

LIQUOR TRIAL IS BEFORE COURT

Fine of $300 Is Imposed on Wong Chow—Dang Yuen Case Continues Today

Wong Chow pleaded guilty yesterday in the city police court to a charge of unlawfully selling rye whiskey on March 30 and was fined $300 by Magistrate Henry C. Hall. J. B. Clearihue, K.C., appeared for the accused.

Constable Harley Davidson testified that he went to 572 Fisgard Street at 11:20 o'clock on the night of March 30 and asked Wong Chow for a bottle of rye whiskey. The accused then produced a small bottle from a room. Davidson handed him $2 and received twenty-five cents change.

Trial of Dang Yuen on a charge of keeping liquor for sale also commenced and will be resumed at 10 o'clock this morning.

Sergeant Roy Woolsey swore that he went to 572 Fisgard Street on the night of March 30 with Constables Davidson and Edgar Falkner, and in the dining-room of the Man Yen Law Cafe found a key that fitted a chest of liquor in the hall. He produced twenty-six flasks of rye, gin, Scotch, rum, brandy and Chinese liquor from the chest.

WARTIME HOUSING TO BE DISCUSSED

City Council to Consider Information Received by Chairman of Lands Committee

Proposals of Wartime Housing Limited for the construction of shipbuilders' homes in James Bay district will be discussed by the City Council at 10 o'clock this morning.

According to information received yesterday by Alderman T. W. Hawkins, chairman of the lands committee, leasing or renting land to Wartime Housing Limited by the city applies only to lots where improvements have already been installed. The organization is only interested in leases in cases where water mains, sidewalks and sewers have been provided, but where such improvements are necessary lots would have to be deeded to the Crown.

Attention will be given by the council to a letter from the British Columbia Agricultural Association suggesting that $500 be spent for a new sheep pen, $1,300 for a livestock judging ring and $365 for a new roof on the sheep barn at Willows Park.

A letter from the Victoria Town Planning Association will urge the council to ask the British Columbia Postwar Rehabilitation Council to consider a town planning bureau, appointment of a provincial director, and discuss loans to municipalities at low rates or no interest for postwar projects.

Also on file is a letter from Hon. Dr. K. C. MacDonald, Minister of Agriculture, referring to council support of a resolution from Port Alberni asking the Provincial Government to suspend application of the Natural Products Marketing Act. The communication states in part: "If your council is in possession of facts substantiating the assumptions on which the Port Alberni resolution is based I would suggest that you submit them to the Royal Commission on Marketing or to this department. But if you have assumed the accuracy of these assumptions without inquiry I would respectfully suggest that a reconsideration of your endorsement of the resolution appears warranted."

CANNOT GRANT LEAVE TO SEED

Training of Army Comes Before Farming Operations House Is Told

OTTAWA, April 23 (CP). — No wholesale leaves can be granted soldiers for seeding or other farm operations, Defence Minister Ralston told the House of Commons tonight.

He was replying to questions from G. H. Castleden (C.C.F., Yorkton) during consideration of the War Appropriation Bill in committee.

Colonel Ralston said he was responsible for the training and operation of the army and time was going fast. Some people said the army was not moving fast enough.

Individual cases of hardship may be taken up with regional war services boards and the district officers commanding are required to take the recommendations of these boards in granting leave to farmers. He believed serious cases are being attended to.

NO WHOLESALE RELEASE

Col. Ralston said "I feel my responsibilities as Minister of National Defence will not permit me to give any wholesale release of men who have been trained or are being trained for an operational role, even for seeding operations."

To release men from training centres at various stages in their four months' course disorganized training and meant that full use could not be made of training facilities.

There are a few units, such as depots, from which farm leaves can be granted. These have been listed and sent to district commanding officers and leaves from them are being granted.

The minister said between 41,000 and 42,000 men had enlisted in the navy, army and air force in January, February and March of this year and about 7,000 so far this month.

OTTAWA, April 23 (CP).—Defence Minister Ralston told the House of Commons today 65 per cent of the cadets in the Officers' Training Centre at Brockville, Ont., are men who have been recommended for promotion from the ranks.

Wheat stocks in store for the week ended April 17 totaled 447,303,566 bushels, compared with 455,807,513 the previous week and 473,146,858 in the corresponding week last year.

COAL TONNAGE IS INCREASED

Main Collieries Report Gains Exceeding 50,000 Tons During March

British Columbia coal production jumped 50,000 tons in March, reaching a total of 186,080 tons for the month, compared with 136,281 tons in the corresponding month last year, the Provincial Mines Department reported yesterday. Vancouver Island production was placed at 77,761 tons, compared with 51,204 in March of last year, an increase of 26,500 tons.

Nicola-Princeton tonnage rose from 9,806 to 12,855 tons, and East Kootenay mines contributed 94,997 tons, as against 74,703 tons in the corresponding period of 1941. Some 8,559 tons of coke were made at Michel.

On Vancouver Island, Comox colliery was the leading producer at 39,078 tons; No. 10 South Wellington next at 25,013 tons, and Wellington mine, 12,371 tons. There was limited production also on Vaconuver Island from seven other collieries.

On the Mainland, Michel colliery was the top producer for the province, mining 79,868 tons during March. Coal Creek colliery, in the same field, contributed 15,129 tons; mines officials reported.

[illegible]

KEY WEST, Fla., April 23 (AP).—Sent out to make an arrest, Willie Kemp, Key West deputy sheriff, not only brought his prisoner in on a bicycle, but made the prisoner do the pedaling while he sat on the crossbar. Kemp said: "The ban on automobile tires and gasoline rationing are not going to worry me as long as I can keep the old wheel."

UNDER PRICE CONTROL

WASHINGTON, April 23 (AP).—The Government brought the $50,000,000 china and pottery industry under price control today with an order freezing the manufacturers' price on hundred of china and pottery articles.
